VERI HORNY

Excuse me, lads (I get the impression you're much younger than I am), but I have a bone to pick with you. It might be alright for you single blokes to have fun filling the pages of your magazine with absolute stunners like Verity Langton, but it's doing my head in. My wife is quite pissed off enough with me watching the World Cup even though 'we're' not in it, without having me going on and on about how wonderful Verity is. I know, the poor woman has suffered enough but I can't help myself.

Helen (that's 'her in bed') doesn't mind me looking at the pictures in *Mayfair* so long as she can read the letters. She even enjoys discussing the relative merits of the different models. But having to listen to a normally sane man going, "Oh that hair, those boobs, that wonderfully neat pussy!" is proving too much. Last night she hit me with her Jackie Collins book!

It doesn't help that Verity lives down the road from us, and that she shares my enthusiasm for sexy clothing. In short, my wife doesn't even trust me to go to the shops for her ciggies any more — she reckons I'm out buying undies for a fling with Miss Langton! Good, God, as if!

So please, please, don't put any more really beautiful girls in *Mayfair*. Or else it's double decorating for me for the next six months! — Dennis, Liverpool

RANDY RAMBLES

My name is Alan and my wife, Sharon, and I are regular readers of your wonderful magazine. We are both in our early 30s and have a very active sex life. We have just returned from a weekend away in the Lake District and want to tell your readers about our wonderful experience.

We arrived at our rented cottage late on Friday night and when we awoke the next day it was pouring with rain. We resigned ourselves to spending the day indoors but at about three o'clock there was a knock at the door, two ramblers stood on the doorstep, soaked to the skin. We let them in and as the rain showed no sign of letting up we offered to let them change into some dry clothes. A couple of hours later it was still grim outside so we invited Paul and Gary to have dinner with us and stay the night.

We had dinner and then retired to the lounge to make a start on the bottle of brandy we'd brought with us. Everyone was getting on well and the guys proved to be very good company. "What have you come up here for?" asked Paul. Sharon looked at him knowingly. "Oh, we must have really ruined your weekend then!" he laughed. The conversation got more suggestive as the evening wore on and, a bottle of brandy the worse for wear, it seemed natural to end up playing strip poker. By the time Sharon lost and took off her blouse to show off her beautiful big tits held by a white lacy bra the atmosphere was electric.

It wasn't long before Paul and I were naked, Gary had only his boxer shorts on and Sharon was in her bra and panties. Then Gary lost the final hand and Sharon was sitting in a room with three naked men, all with stiffening cocks! No one knew where it would lead until Sharon said, "I'm going to strip for you but only my husband is allowed to touch me." Paul and Gary agreed and we watched as Sharon stood

Janie Stephens

PHOTOGRAPHS BY BOB TWIGG

As the sky clouds over again, despite the fact that the middle of July and meant to be summer for ch sakes, we have come to the conclusion that you rea can't rely on anything these days. Even Volkswage aren't what they used to be!

But in a mad, wet world you can at least guarant that, even if it always rains on your picnic, *Mayh* will find the hottest, horniest girls to put the heat ba into your summer.

Janie Stephens is just 18 years old and comes fro Ilkeston, picturesque in its own way, but not exac known as a tropical summer paradise. So we were at all surprised to hear a rumour that the luscious la

from Lancashire is about to emigrate.

"I'm running away to somewhere warm," she said. hinting at the West Indies. "Somebody said beach balls, beach bars and before they could get round to beach bums I'd booked my ticket and packed my bag. Of course you don't need much if you're planning to do as little as possible as often as possible: a couple of g-strings, a bottle of Hawaiian Tropic, oh yes, and a willing partner to rub it on..."

So make the most of Janie, it could be a long time before we see her again. Unless, of course, we all head off to Jamaica. The sight of Janie with an all-over tan really would be something to write home (or at least to us) about!

Here Is The

Our monthly roundup of the glitz, tits and sexy

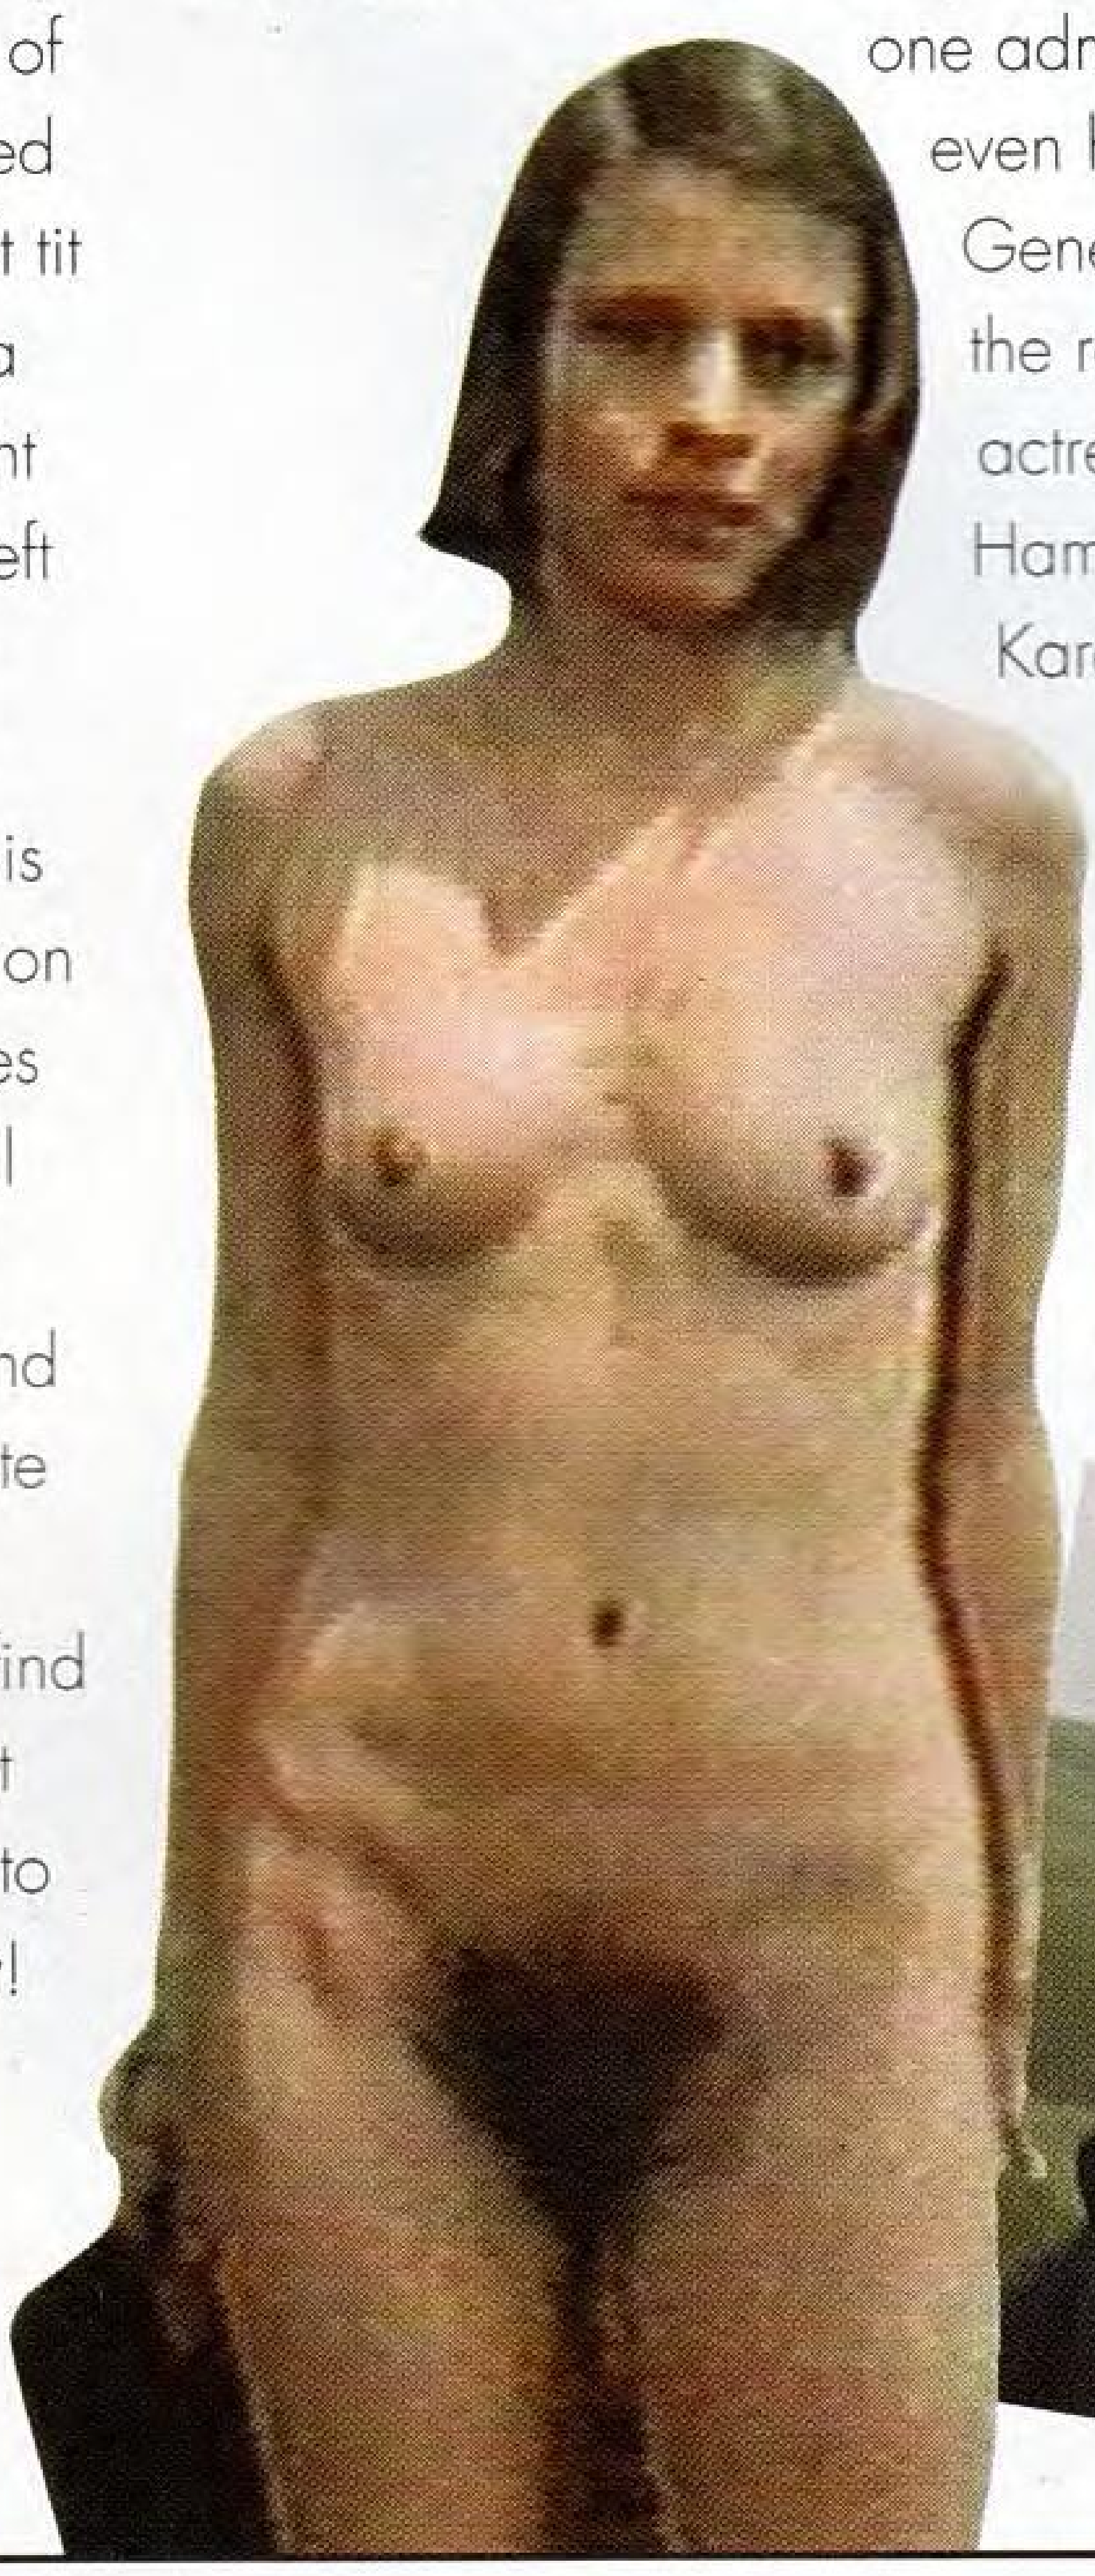
Bare body: model, Elle McPherson, has a night out on the town

ELLE YES!

Look who popped out on the town last month. It's Elle 'The Body' McPherson, stunning supermodel, who made a bit of a boob when she revealed rather more of her famous figure than everyone expected at a recent public engagement, then left tit out whilst our photographer grabbed a quick shot (left). It was a warm night but Elle was left feeling a bit nippy! Let's hope that this is one fashion that catches on with all the other girls. Mind you, Kate Moss might find it a bit hard to copy!

WHAT THE DOCTOR ORDERED

Until we had a few sad Saturday nights in watching *Casualty* we always thought that A&E were br cup sizes. But just as we uncovered the truth, cam one admission that would even have Holby General in a sweat. It' the recent revelation b actress Suzanna Hamilton (who plays D Karen Goodliffe) that she flashed her charlies and Duffin in the movie *1984*. It set our hearts fluttering so much w had to call Crash

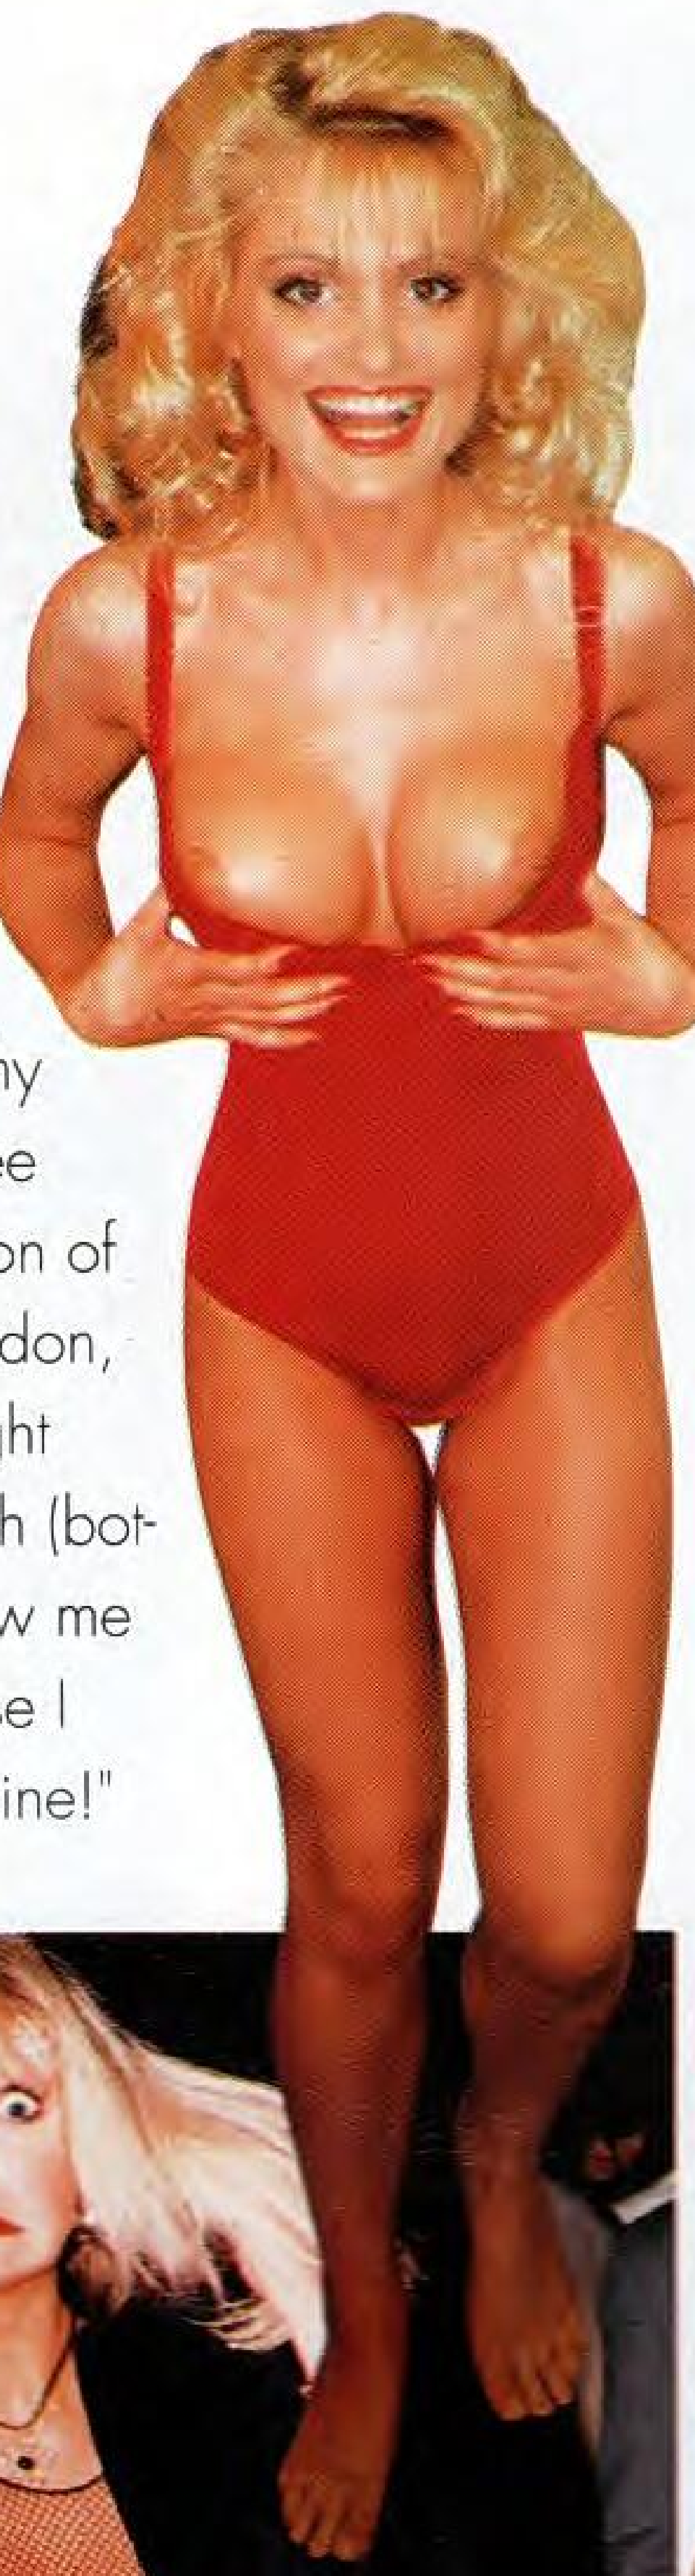


GET HARD TOO

Bruce Willis has ended many a movie with a bang but usually it is of the exploding plane variety as in the *Die Hard* epics. However, his latest film, *Color of Night,* features old Bald Eagle in some much hotter action. The sex scenes with British actress Jane March are some of the steamiest ever filmed for general release in the cinema and includes bonks in bed, the bath, in a swimming pool and on a glass-topped table! Not bad for a 40-year-old baldy. Jane, you may recall, is nicknamed "The Sinner from Pinner" and joins a long list of girls to have been filmed with the Bruce willy and a somewhat shorter one of women who have survived filming with him without walking out!

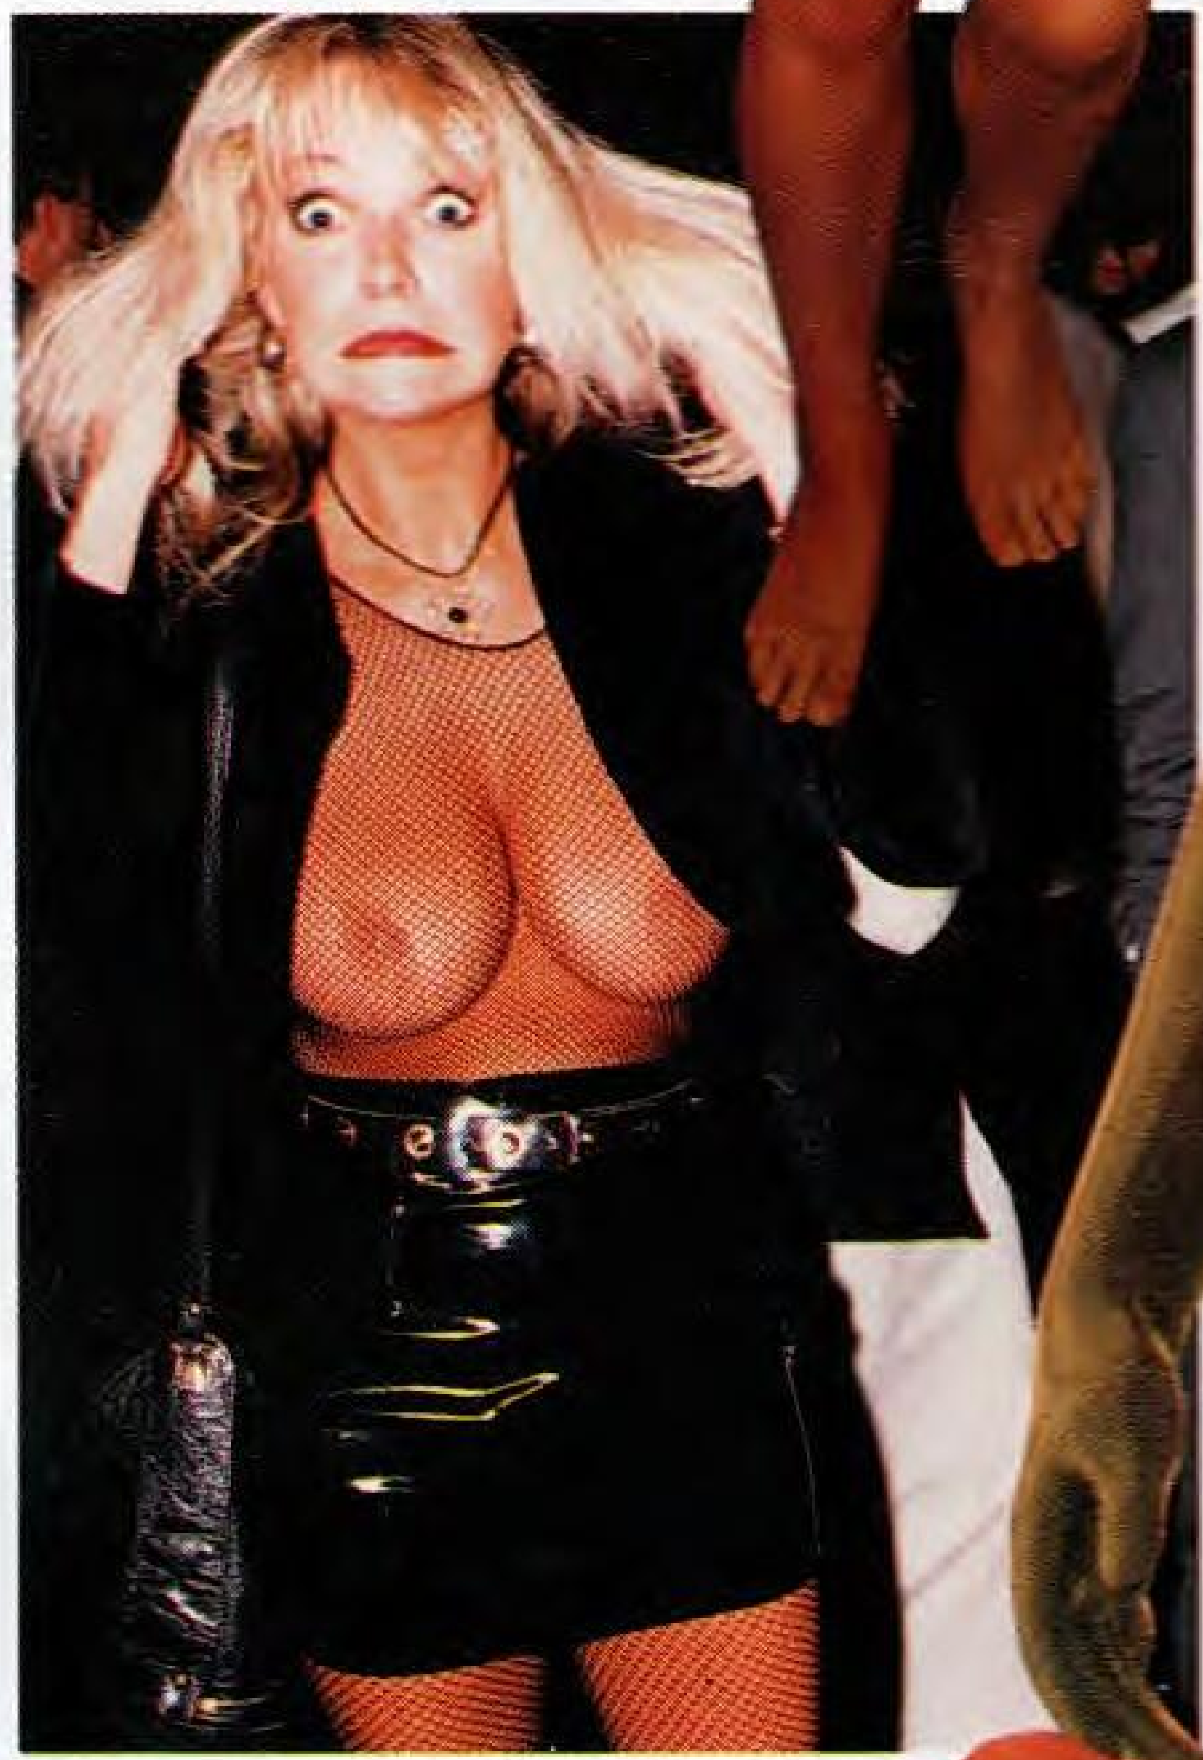
Nudes...

that are making the headlines



PARTY ANIMALS

Whipping out a nip during a night on the town might be new to Miss McPherson but some girls have been baring their boobs in bars since the Cleave Age. Whether it's nubile newcomers like Clare (right) or old glands, sorry, old hands such as Debee Ashby (looking as stylish and sophisticated as ever as she revives old mammaries, bottom right), our night clubs seem full of nice nellies. So why don't you get to see them? It's a question of how you ask. Gordon, our lensman, caught Claudia and Sarah (bottom left) with "Show me yours and I promise I won't show you mine!"



THE LATEX CRAZE

Wish we could say we'd taken a shine to *Skin Two*'s £5 glossy new catalogue of pervy plastic, rubber and leather clothing. There certainly are some stunning skintight outfits and some sexy girls squeezed into them. But the photography by *Vogue* man, Gerard Musy, is too arty and not tarty enough for our taste. Yellow filters and soft focus might be alright for the posh frocks in *Vogue* but for something as unsubtly sexual as rubberwear?

Well, everyone to their own taste, but with rubber gear being shot with the reverence of a Paris collection and with a price tag to match, isn't fetish fashion becoming just a little too pretentious for the average perv on the street?

The saucy little number on the left costs 50p off £100 and the catalogue even contains the *Skin Two* equivalent of a dirty old man's plastic raincoat — at just £185. Bring back the £2 Pakamac, we say! Ⓜ

GET THE MAX

If your knowledge of Italian only extends to different types of pasta then here's a bloody good excuse to learn. *Max* is an Italian magazine which prints some stunning pictures of fabulous women including, this month, a superb life-size poster of Anna Falchi. Miss Falchi is so drop dead gorgeous that she's rumoured to be challenging Eva Herzegova in the sex goddess sweepstakes. You might not be able to understand a word of it but, hey, who cares? — 'cos you get to take Anna Falchi home and pin her up against the wall.

TIFFANY

PHOTOGRAPHS BY SCOTT EVANS

If a cool sophisticated dinner partner rather than a bopping bimbo is your ideal woman, then 22-year-old Tiffany is the girl for you. "My dinner parties are much hornier than any night in the disco," she claims. "The right look and some seriously flirtatious conversation turns me on far more than a quick grope on the dancefloor. No, give me the cut-and-thrust of witty conversation and save the pelvic thrust for the bedroom where it matters. Make me laugh all the way to my bed, and you'll be laughing when we get there!" Ⓜ

STUFFED

Last week we went dutch in the swish *Brasserie 21* at the Lowndes Hotel in Knightsbridge. We weren't there long before we sensed something fishy going on. We were right, it was herring, shoals and shoals of gleaming, smelly herring!

With a significant proportion of the hotel's staff coming from Holland, they have decided to specialise in Dutch food. And what do the Dutch eat apart from rather bland cheese? Herring, apparently! Raw, wriggly, slippery herring.

Currently the Lowndes is serving herring on rye bread, on asparagus, with caviar and spinach, and most spectacularly, raw with onions served without the head and bones but otherwise intact.

Nobody could fault the Lowndes Hotel's food, it's just what you're expected to do with it that's the problem. The herring is not meant to be neatly cut up with a knife and fork but picked up by the tail, swilled in the raw onion and then lowered into your mouth until only the tail is visible. Yes, just like a sea lion — only without applauding yourself afterwards then going on to balance a ball on your nose whilst playing *Yankee Doodle Dandy*.

The Lowndes Hotel, Lowndes Street, Knightsbridge, London SW1. Just follow your nose!

GARDENER'S WORLD

Next time the SAS are recruiting, ***Gary Gardener*** *knows a few old ladies from the Old Kent Road with all the relevant combat experience...*

I lived on the Old Kent Road for three years. Not literally, obviously. Otherwise I'd have been run over. I had a flat next to it. The Old Kent Road and the areas around it, Bermondsey, Walworth and New Cross, are rough. I used to go to parties in North London and there'd be blokes bragging about their exploits in the SAS and the Paratroop Regiment and I'd just quietly say, "I live on the Old Kent Road" and the room would go silent and women would faint.

The Old Kent Road is that rough. It's the only part of Britain where the nursery school teachers wear knuckle-dusters. People from the Old Kent Road go to Beirut to get away from it all. When they return, their friends ask what it was like and they say: "Well, you can say what you like about those militiamen, but at least an old age pensioner can walk the streets safely at night." Of course she could. As soon as they knew she was from the Old Kent Road the blokes from Hezbollah and Mossad dived for cover.

The worst thing about the Old Kent Road — apart from the fact that I had to live there — was the crime. Theft was endemic. If you ever venture down the Old Kent Road you'll notice that there are an unfeasible number of pensioners there. That's because the last time Death came to Bermondsey someone knocked him unconscious and stole his scythe. When he came round his chariot of fire was up on blocks with the wheels missing. The first Saturday night I was there I was coming up the steps to my flat at about three in the morning and I met two blokes coming down. One was carrying a turntable and the other had a couple of speakers resting on his shoulders. "Oi!" I said. "What you got there?" (I'm not usually that brave, but I'd just had ten bottles of Newcastle Brown Ale and a massive curry and I knew I was capable of giving off the kind of poisonous gas that's banned by the Geneva Convention. Any nonsense from these boys and I'd just let them have it.)

"It's me Walkman, innit," the bloke with the speakers said.

"Bit big, isn't it?" I replied.

"Yeah, well," the bloke said. "It's Russian."

Given the limits of Soviet technology this seemed like a plausible explanation to me, so I let them pass. When I got up to my flat I found the front door standing wide open and a big gap along one wall of my sitting room.

A week later, my girlfriend came to visit on her bicycle. She lugged it up four flights of stairs (I'd have offered to help, but you know how independent modern women are. And anyway there was football on the telly) and chained it to the banister outside my flat. Two hours later when she went to go home she found someone had nicked the back wheel. "Why would anyone steal the back wheel of a bicycle?" she asked. "Because it was the only bit that wasn't chained to something immovable," I said.

"Let me re-phrase that," my girlfriend said patiently. "Why would someone steal anything as useless as the rear wheel of a very old ladies' bicycle?"

"Oh come on, pet," I replied consolingly. "You're not in the first flush of youth anymore, but I'd hardly call you very old." After I'd picked myself up from the floor, I said, "It's what we criminologists term 'The Barraclough Bicycle Bell Effect'." There's an old episode of Porridge in which the bell from Warder Barraclough's bicycle is stolen while it's locked to the railings inside Slade Prison. 'What use is a bicycle bell to anyone in here?' Barraclough asks Ronnie Barker. 'None at all, Mr Barraclough,' comes the reply. 'But it's more what you call the principle of the thing, you see.' "That's the reason they thieved your rear wheel," I concluded.

People from the Old Kent Road go to Beirut for their holidays to get away from it all

"You mean," my girlfriend said, "because it was there? Like Mount Everest?"

"Well," I said, "it was probably more of a spur of the moment sort of thing. If you were going to nick Mount Everest you'd need a fork-lift truck and a bit of pre-planning."

It was the last I saw of her.

Over the next couple of years I had numerous other examples of the 'Barraclough Bicycle Bell Effect' (or BBBE as we experts know it) brought before me. Just about the only place where nothing ever seemed to get stolen on the Old Kent Road was the laundrette. In fact, the women who did the service washes there used to add things to your bag rather than take them away. You'd get home and empty the bag and find you'd picked up a red nylon suspender belt, a pair of jungle-print y-fronts and a Howard Jones tour t-shirt. Embarrassing items to have lying around for a man renowned for taste, refinement and sexual sophistication. And a bit of a bugger for me too. Thankfully, this was the Old Kent Road so I had no problem disposing of them. I just locked them inside a strong-box, placed it inside a safe, and put the whole lot in an alarmed concrete bunker with stainless steel doors. Fifteen minutes later they'd gone. Except for the Howard Jones tour t-shirt.

The worst example of the BBBE I ever came across wasn't in the Old Kent Road, however. It was a mate of mine who lived in Wimbledon. He worked as a chef in a very posh West End hotel and he nicked everything he could from it: towels, crockery, cutlery, glassware, soap, the works. Now you might think that this isn't the BBBE at work, because the above mentioned are all useful things to have. Except that my mate didn't stop with useful stuff. He took all those weird implements they have in hotels that no one uses at home: cake forks, fish knives, consommé bowls. He even had asparagus tongs. I'll always remember those because once when I went round for dinner and I picked up my asparagus with them, his girlfriend, who was, frankly, not quite top-drawer, started giggling and pointing and saying, "Look Al! He's picked up his veg with your Mr Porkie holder!"

They got married a few months ago. I haven't seen them since. Perhaps they didn't like my wedding present. Though I'd have thought that Howard Jones tour t-shirt would have suited them perfectly. Ⓜ

JACQUIE

This is the month for riding in a sports car with the top down, preferably with a girl with her top down. And 21-year-old Jacquie Stewart ("Please, no jokes, I've heard them all!") is just the girl to do it, except she'd insist on doing the driving. "I love fast cars and have always driven far too fast," the Farnborough girl admits.

"My adrenaline surges with the acceleration and makes me so... well... randy!" Has she ever thought of becoming a racing driver? "It would be hopeless. I'd be so excited I'd have to keep coming into the pits for a shag!" Ⓜ

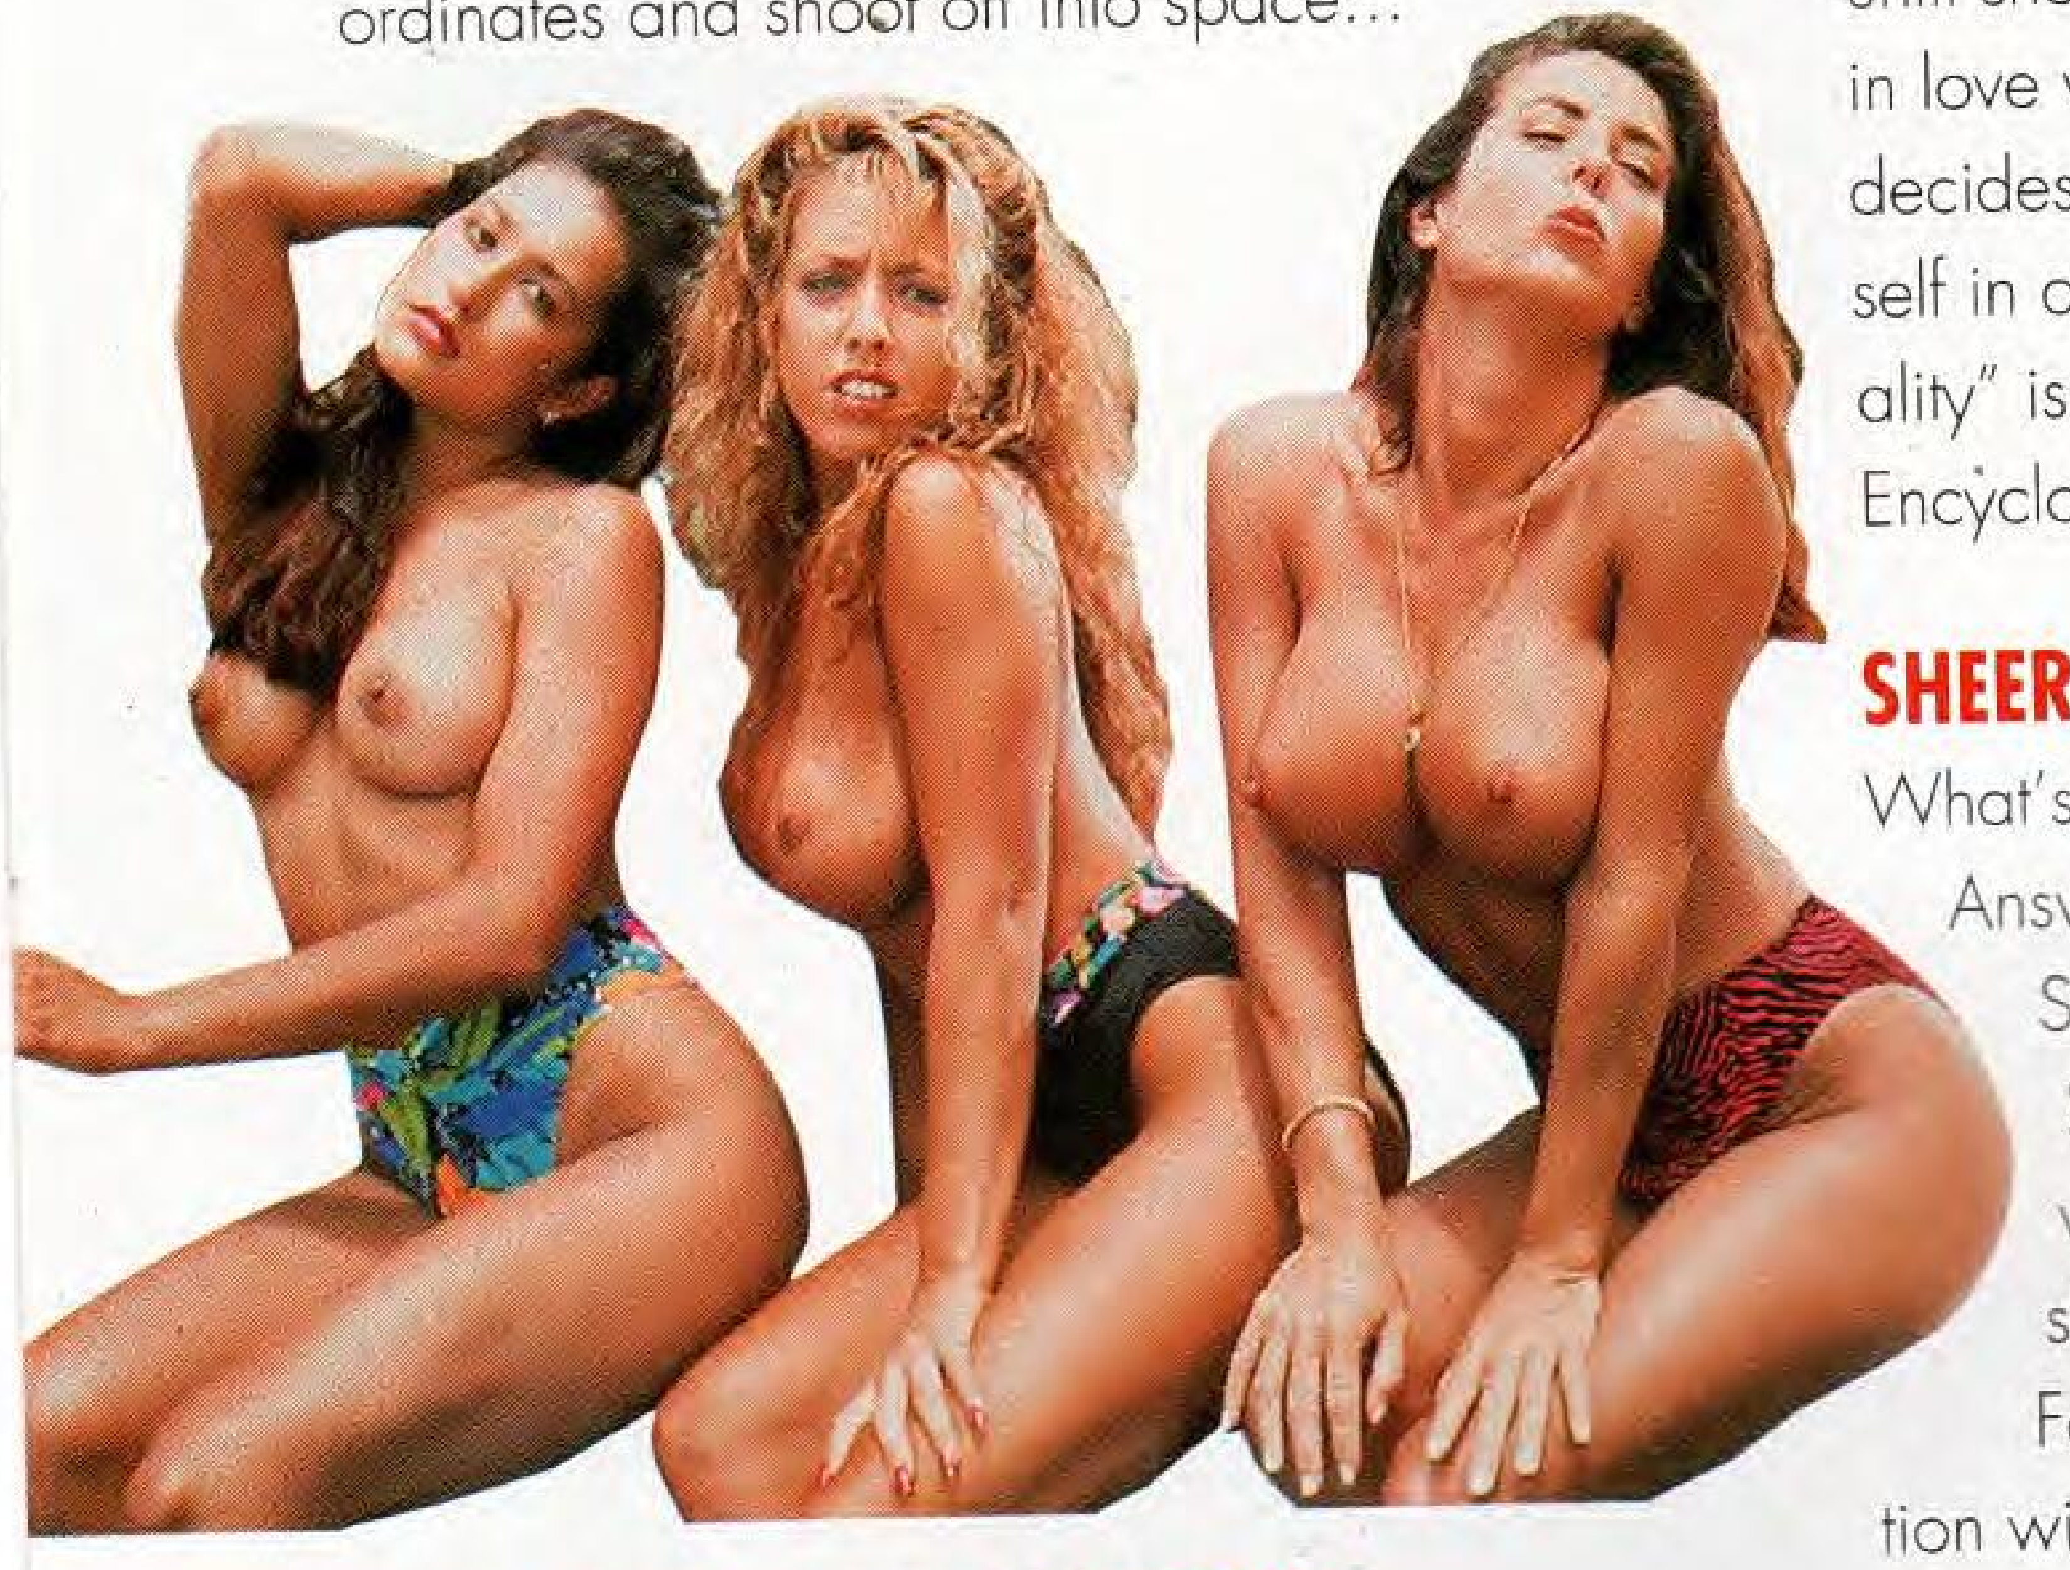
PLANET JOLLYGOOD

Stallone, Travolta, Swayze and Estevez all in a sex film? That's right, though they are Jacqueline, Joey, Don and Joe, not their more famous relatives. Together they team up with Burt Ward (Robin the Boy Wonder) in *Beach Babes From Beyond* (Medusa), a wonderfully OTT drive-in classic, now available on video. This tart trek is a great mix of corny comedy and saucy seductions; the Babes setting their fannies on "stun" to take over Earth. It's sex, Jim, but not as we know it! Lock on to your co-ordinates and shoot off into space...

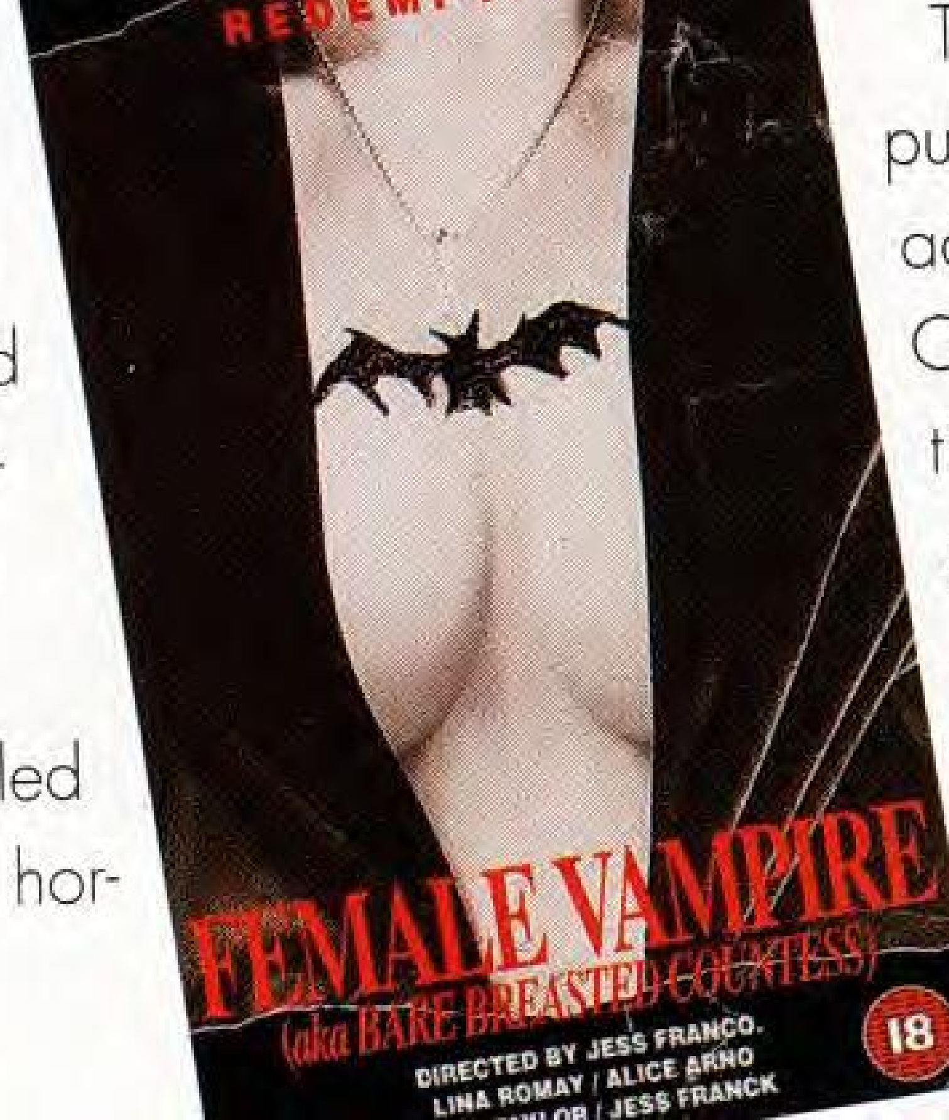


WHOSE FLY IS IT ANYWAY?

Here's one cock-up you won't be seeing on the new series of Channel 4's *Whose Line Is It Anyway?* It seems that during a particularly vigorous performance by Tony Slattery, he ripped his trousers in a somewhat crucial area, exposing himself to the studio audience. Slattery then improvised a series of jokes based around having an unexpectedly large part in the show that even shocked some members of their audience. Others were just grateful that Mike McShane's trousers remained intact.

SUCKING HELL!

Now here's a woman who'll blow you to death, literally. *Female Vampire* (Redemption Films) tells the story of a sort of bare-breasted Countess Dickula who sucks blood from men's bodies, starting at the knob, not the neck. Directed by Jess Franco and originally titled "Erotikill", here is a real horror film shown in its original wide screen format that will put you off blow jobs for life. Watch cross legged as Countess Irma Karlstein lives off cocktails of jizz and plasma until she falls in love with one of her victims and decides to join him in death by drowning herself in a bath of blood! "Intensely morbid sensuality" is how the Aurum Horror Film Encyclopaedia described it. Too bloody right!



SHEER EXHIBITIONISM

What's the biggest sex shop in Britain?

Answer: Wembley Conference Centre! On Saturday, Sunday and Monday, 27th, 28th and 29th August, the respectable venue will become a fully licensed sex shop for three days to stage *Erotica 94*!

For the first time in Britain, a whole exhibition will be dedicated to adult products such as naughty magazines, videos, sex toys, clothing and apparatus for every conceivable kink. The stands will be crammed with stars from your favourite filthy films and magazines, and there will be a catwalk for saucy shows and demonstrations. Go and chat up the girls in person — who knows, you might even score at Wembley!

The exhibibtion is open to members of the public and tickets must be bought in advance by ringing Wembley Conference Centre on 081 900 1234. Further information available by ringing 0338 422006 or sending £2 for a pack complete with competitions and discount from Epic Enterprises, Freepost BM 4256, Dept 18/46, B98 OBR.

CUT!

Let's give a big hand for two stars that appear in numerous naughty films, but never get a credit — Morris Middling and Sid Soft.

Morris and Sid are the names given to penise that are sufficiently flaccid to be allowed on th screen, according to Tom Dewe Matthews in his book *Censored* (Chatto £14.99). Henry Hard, on the other hand is considered too shocking, along with lots of other more bizarre things our so-called superiors at the British Board of Film Classification deem dangerous. The good news is that this history of film censorship shows exactly what you've been missing on the movie screen an explains how they dared to justify it. The bac news is that the situation is getting worse!

No prizes for guessi that this mucky action comes from those Spl people, who have followed *Pretty Clumsy Woman* with a sequel, *Samantha-Jane On Job* (MIA £9.99). WOMEN WE LOVE

No.6 PATSY KENSIT

Remember long ago, twenty years or so, in fact, a TV advert for Bird's Eye frozen peas featuring a little girl with golden hair and blue eyes the size of saucers. "Fresh as the moment when the pod went..." the jingle choruses, and the cherub sticks a finger in her cheek and makes the noise "Pop!". That angelic child was Patsy Kensit.

She's grown a lot since then, of course. Nowadays the only thing that goes pop when Patsy appears on our television screens are the heart-strings of millions of males.

The growing period hasn't all been plain-sailing. After the pea-popping and appearances as a child star with the likes of Robert Redford and Mia Farrow (in *The Great Gatsby*) and Liz Taylor, Ava Gardner and Jane Fonda (*Blue Bird*), Patsy entered a difficult adolescence. She sang in pop group Eighth Wonder — the only real wonder of which was that they got a recording contract — and appeared in the Julian Temple film *Absolute Beginners*, a movie so dire it might better have been titled Absolute Shite. She told the press she wanted "To be more famous than anything or anyone". Along with her long golden hair, perma-pout and Hounslow birthplace the remark earned her the title of Britain's Number One Bimbo. She was fifteen.

> **"In Lethal Weapon 2 her tight trousers showed she had a lethal bottom too"**

Five years later, an actress now and not a singer, she reappeared on the big screen in Michael Winner's *A Chorus of Disapproval*. Most of us were too busy ogling Jenny Seagrove in her underwear to notice. Luckily for Kensit, the American producers weren't. She was cast opposite Mel Gibson in *Lethal Weapon 2*, sporting a pair of tight trousers that showed she had a lethal bottom too. Suddenly Patsy was hot property again. Offers of parts came in from all over the globe. We even offered her ours, but we never heard anything.

Back in Britain, after appearing in low budget melodrama *Twenty One*, she turned up in the BBC's George Eliot adaptation of *Adam Bede* playing the lusty dairy maid who gets her butter churned by the squire's son. Kensit's husky West Country burr (kind of Cornish Patsy), freckled forearms and the firm grip she took while milking was enough to set any bloke to thinking about a bit of the udder.

By now she was married to Simple Minds' singer, Jim Kerr (or Wayne, as he's affectionately known round here) a roly-poly Scot with a fondness for football. It's a passion Patsy shares. In fact, this is the only fault we can find with her. Blonde, blue-eyed and beautiful, does she really have to support Manchester United? They've just won the double after all; surely life's riches should be more evenly distributed? We're keeping seats free for Patsy and her best mate, Mariella Frostrup, at Brentford just in case.

Sex Educatio

Was It Good For You

Once again we've surveyed our readers to discover how you found out the facts behind the facts of life...

READERS' POLL

QUESTION: Is school sex education a good thing?
RESULT: YES: 91%. NO: 9%.

QUESTION: Did sex education work for you?
RESULT: YES: 67%. NO: 33%.

Practically all Mayfair readers agree in principle with school sex education yet a third found it wanting in some way. The principal complaint about it was that it "taught too little, too late".

INTERVIEW

Annabel from Uxbridge

Age 26

'and I hope you never will!' Some of the girls did claim to have seen a man naked, but as his dick was always '18 inches long and thick as a table leg', we guessed that they were probably lying.

"Only one girl, Wendy, had actually 'been' with a man when I was 16, and she was only too happy to tell us what it was like. I learned far more about sex from her than any of the teachers. When I did finally get to do it, the terrible training I had had completely spoiled it. I felt I was being very wicked, dirty and succumbing to temptation. I wanted to get it over with as soon as possible! It wasn't until I was in my 20s that I relaxed and started to enjoy it!

"I think sex education should be a lot earlier and a lot more realistic. Girls should know about everything — only then can they make a rational decision what to do about it. Making it a 'forbidden fruit' only makes sex more appealing!"

FACT OF LIFE FACT

Over 80 per cent of our sample claimed that they had taken part in some sort of sexually-related activity before receiving any formal sex education.

The majority had experimented with masturbation, a few together with members of the same or opposite sex. Others had bared their private parts to members of the opposite sex in return for them doing the same ("I'll show you mine if you show me yours..."), occasionally even touching them.

Heavy petting and actual sex also occurred but this is less shocking than it might seem when it is learned that many of our sample (especially those over 30) did not receive any formal sex education until they were over 16.

INTERVIEW

John from Croydon
Ex Comprehensive School pupil
Age 23

"Sex education at my school was excellent. Without it, I would have been extremely hung-up about all forms of sex. Of course, my parents told me about 'the birds and bees' but they were too shy to go into details. I knew that babies grew in girls' tummies but never knew how they got there. My Dad said it was something to do with getting married — so perhaps the vicar did it.

"I was already masturbating, though I had no idea that's what it was. I knew if I rubbed my willy quick enough it was pleasant. Then one day stuff came out of the end, and I thought I had broken it! I was shitting myself. Then this woman came to our school and told us in great detail how you went about sex and all that went with it. I just remember thinking, 'Bloody hell, I'll never manage all that!'

"She asked if we had any questions but I was too shy to enquire about my broken cock until everyone had gone. She explained all about masturbation and how playing with my willy didn't do any harm. No, it wasn't broken (she just managed to keep a straight face) in fact, that proved it was working! I fell in love with her at once!

"Thanks to her patience I was never intimidated about asking about sex. I didn't have sex until I was 17 (and I was still bloody awful) but that wasn't Miss G——'s fault. I was pissed on two glasses of Woodpecker at the time!"

A CRUEL BLOW!

"All that fuss in the papers about kids learning what oral sex was is ridiculous. Everyone should know! When I was first asked for a blow-job, I did exactly that — blew, up the end like a recorder! I learned later you can kill a guy that way! They say the first time is murder — in my case it nearly was!"
Nancy, a reader from Leeds.

INTERVIEW

Jenny from Maidstone
A girl who learned by experience
Age 26

"It might seem amazing but even ten years ago sex was still considered 'not a nice thing' to be teaching girls at our school. Boys were taken to one side and given a 'manly chat' by the craft master. We were just told how to make hubby a nice cake to reward him for it!

"So I set about learning for myself — or, to put it another way, I became a right little goer! At 18, I was hanging around Chatham in skintight PVC leggings, high heels and lots of lipstick. I bleached my hair platinum and frizzed it out, then hung around the pubs waiting to be picked up! Talk about stupid! The daft thing was when some guy did come along (and dressed like that, I didn't have to wait long) I had no idea what to do with him.

"For instance, when a guy first opened his mouth during a kiss I practically fell in! Sex, on the other hand, was simple! Once I knew where he wanted to put it I just lay there and let him get on with it. I never moved! It must have been like shagging a sack of potatoes! Of course, the sort of guy I met wasn't likely to be a caring lover, so they shagged me anyway. I never came. I didn't even know I was supposed to.

"The most ridiculous occasion was when some guy asked me to give him a blow job! I was already on my knees, when he whipped out his willy and pushed it towards my over-made-up face. I assumed he wanted me to admire it, so I held it, looked at it for a while and said, 'Yeah, very nice!' and put it down.

"'No, suck it!' he said. So I started licking and nibbling it along the side like a chicken drumstick! 'No, not like that, like this!' he said and pushed it into my mouth. Then he suddenly came, which was pretty unexpected. Unfortunately, the taste, on top of several drinks, made me feel really sick and I threw up all over his shoes!

"When I look back on how stupid that was, to put myself in situations like that just because I was curious about this mysterious thing called sex that everyone said was wonderful but too rude to talk about, I blanche. I've got a little girl of my own now and I'm telling her everything as soon as she's old enough to understand..."

LIMP ENDING

"And finally, if you have any questions or fears at all about impotence, we recommend you go to your doctor. He'll soon straighten things out for you."

up, took her bra and panties off and then sat on the edge of her chair and opened her legs so we could see her glistening pussy. I quickly got between her legs and inched my cock up her; Paul and Gary moved so they were either side of us and could watch me and Sharon fuck each other in a variety of positions, always trying to give our audience a good view.

Sharon was loving it, calling us dirty fuckers and asking if we liked her tits and pussy. It was too much for me and I shot my load up her and pulled away. Paul then stood up and moved between her legs and started wanking over her. Sharon just stared right at him, encouraging him by licking her lips and touching her pussy. Her performance soon got me going again and I moved between those inviting thighs with my cock hard and eager. Meantime, the two randy ramblers were getting off big time at the sight of my beautiful wife in the throes of passion.

When we eventually got to bed in the early hours of the morning Sharon asked me if I had enjoyed the show. I commented that I thought she hardly needed to ask! In the morning we had breakfast together and whilst we all agreed that the night had been great fun the guys said that for them the best bit had been being able to enjoy Sharon without being able to touch her.

It was a fantastic night which we still get very turned on about and one which we will try to repeat!

BEST OF BRITISH

I recently had the pleasure of purchasing my first copy of *Mayfair* here in the United States. Normally, I would not even consider purchasing an adult magazine because I am not into Playmates and porn queens, but I love British girls! All of your young ladies are sexy, but my "Best of Britannia" would have to be Liverpudlian beauty, Georgina Sinclair. Georgina is the kind of English girl I dream about. She's perfect — young, soft, sweet, and very sexy.

If I could live out my favourite fantasy this would be it: I would soar to London on the wings of Concorde. Touching down at Heathrow I would meet Georgina at the airport and proceed into the heart of London for a day of sightseeing (if I could keep my eyes off Georgina!) and a night of passion. It would have to be in a posh apartment on a rainy day, on a wooden floor, in front of a roaring fire.

My heart beating with anticipation, I pull Georgina to me. We embrace, our eyes meet and I can wait no longer. Our lips touch. I feel her soft, wet tongue in my mouth and I'm on fire. My cock is throbbing as my tongue explores her mouth, savouring the sweetness of it. My hands are under her breasts now as we kiss and I can feel her hardened nipples press against my body. My mouth is drawn to her breasts. I kiss them and lick them before Georgina puts her hands behind my head and guides me to an erect nipple. Georgina moans with pleasure as I suck her nipples.

We move to the floor. The fire is roaring, contrasted with the pouring rain outside. My excitement builds and my cock is like a rock. Georgina is hot and wet. I feel her fingers in my hair pushing my head down lower. My tongue slides down along her soft stomach, circles her navel and moves lower. Georgina's legs are spread; I raise them above my shoulders as I lick her thighs. Georgina's hands are behind my head as she guides my hungry mouth to her soft mound of flesh.

Her pussy tastes so good; my tongue thrusts in and out of her juicy hole, along her swollen lips and over her erect clit. Her love juices fill my mouth and I drink them eagerly. I thirst to taste more. Gently, I raise her legs once more and push them forward. I bring her soft bottom up to meet my face so that my nose is buried in her wet pussy and I can lick her clit. Georgina's moans become louder and her beautiful body quivers as she comes powerfully.

Now it's my turn because my throbbing cock needs some attention! Georgina, wracked by her explosive climax, remains lying on the floor.

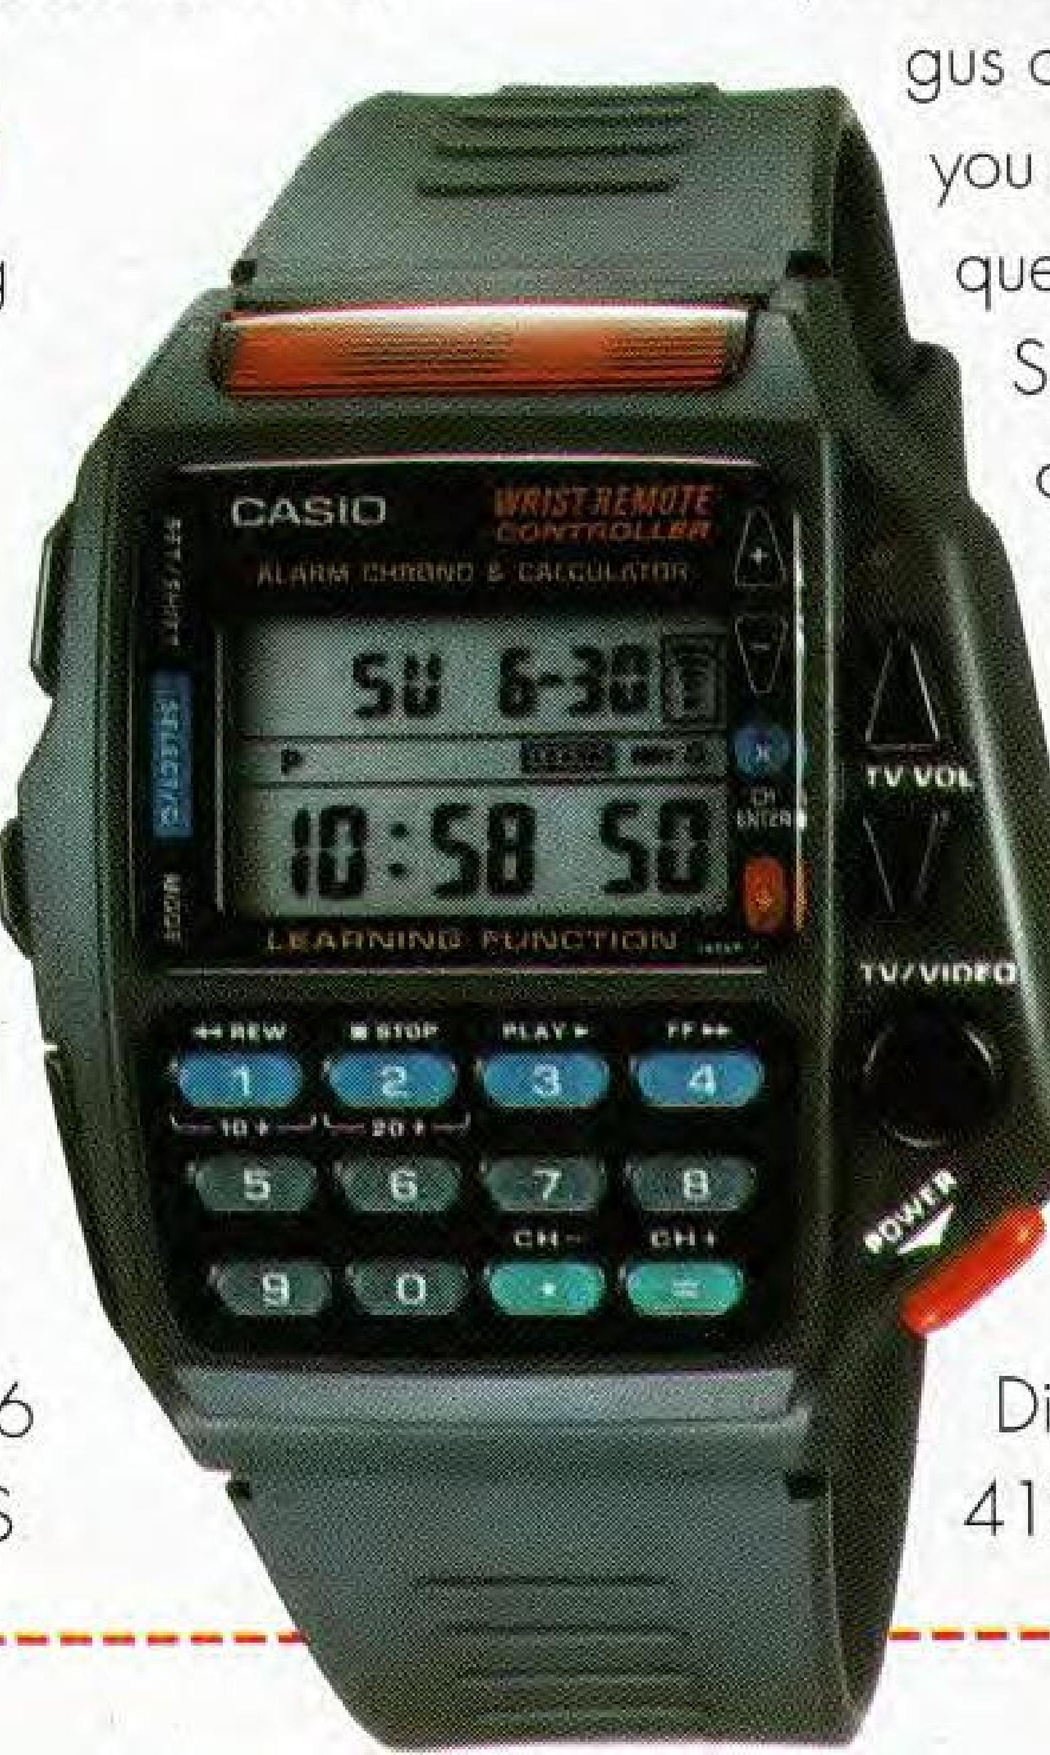
HOT ROD

Would you like to sit in a vehicle speeding up to 200 mph, crash into walls, skid round corners and bump other cars off the road with a subtle nudge of a front wing? Of course you would. But what are you going to do while you're waiting for that mini-cab to arrive? The answer is play Sega's *Virtua Racing*, the game that puts you at the controls of a Formula One speedster. *Virtua Racing* is one of the hottest arcade games of 1994 and it's now available on the Mega Drive. The graphics are heavily stylised but the movement is so realistic you can almost smell the magic tree, er, I mean, burning rubber. *Virtua Racing* is now available for £70.

END OF YOUR HANDY

If you're fed up with losing the remote control of your TV then why not tie it to your wrist? (The remote control that is. Carting the TV around would probably give you a hernia.) Casio has launched the world's first programmable remote control watch. The *CMD-40* can be taught up to 16 functions (more than a YTS Trainee) enabling it to operate virtually any equipment that uses infra-red remote control. The watch is simple to programme, recording the functions direct from the original remote control unit. The *CMD-40* also incorporates a calculator, a daily alarm, multi-function stop watch and it can even tell the time — which is a bit of a novelty. It is available in high street jewellers and electrical stores priced £69.99.



LIGHTS, CAMERA, ACTION!

The *ReelMagic* card from Sigma Designs is an invaluable extra for your PC. Slot it in and you can run video back through your system. As games begin to incorporate this technology you'll be able to take charge of real actors and actresses as you go through an interactive game. In the US half of the game, titles under development are from X-rated adult videos, so you could find yourself in charge of the officer detailed to pleasure this cute cadet. Will you use your keyboard to take the cunnilingus option? Or plunge right in? Before you decide, ask yourself another question: "Are we at home to Mr Sad Bastard?" The *ReelMagic* card also allows you to play the latest CD-based film and music video releases, which seems a good deal more wholesome. The card is available with a built-in *Sound Blaster Pro* sound card for £399 and without as *ReelMagic Lite* for £299. Contact UK Distributor, Gem, on 0279-412441.

The stunningly stylish

Given the problems that car names can cause — Mitsubishi's *Pajero*, for example, is Spanish slang for "hand-job" — it's no wonder that so many of the manufacturers eventually opt for numbers. Numbers, at least, are concise, neat and above all logical. Except, that is, when Fiat use them. Only Fiat would replace cars called the *126* and *127* with th *500* (or *Cinquecento*) and the *Uno* (which means Number One). The *500* would at least make sense if it had a 500cc engine, which of course it hasn't. So maybe names aren't such a bad idea after all, providing you keep them simple.

That, presumably, is the thinking behind the new Fiat coupé. It's called the Fiat *Coupé*. (And a good job too; at one point there was a rumour going round that they were going to call it the "Coffango", a combination of bonnet and mud-guard in Italian.) Currently stunning the punters all over Europe, but not due here until "sometime nex year" (guess they, like the rest of us, are still waitin for the Channel Tunnel to get going), this is the Italian giant's first coupé in donkey's years and it's a goodie.

Their bravest new design since the 1961 *2300S*, it ha been designed to turn hea — and that's important because in this sector of th market looks are every-thing. Depressing isn't i These are the cream, cars designed and built for enthu-

siasts, and yet they get bought by idiots who swap good looks for dynamic handling every time.

If you find that hard to believe, consider this: by a country mile Europe's best sports coupé is the VW *Corrado VR6;* yet the market leader, the Vauxhall *Calibra*, outsells it at a rate of 10 to 1. One boasts a superbly innovative narrow-angle V6 and the finest-handling front-wheel drive chassis in the business. And the other, well, let's face it, the *Calibra* is little more than a *Cavalier* without the added benefit of a second pair of doors.

Whatever, the Fiat — which, incidentally, handles beautifully — will certainly turn heads. Unusual, unorthodox and undoubtedly provocative, it blisters with strange little details such as double-bubble headlamp covers, a superbly evocative painted-metal dash and exposed aluminium filler cap and the weirdest wheelarches we've seen in a long time. The bonnet thrusts forward in an aggressive, almost impatient manner, the tail is crudely chopped behind the rear wheels and in-between the body enjoys a complex combination of swathes, straight lines and complex curves. The experts are asking, is it fresh and stylish, or just plain gimmicky? But Fiat aren't saying a word. They, after all, don't care. All they care about is that you like it, and buy it

> **"It has the experts asking, is it fresh and stylish or just plain gimmicky?"**

My guess is, that once you've driven it and seen a few of them on the road, you will. At a time when even the experts can't tell a car from half its rivals, here's one that really is outstanding. And not just for the way it looks.

Certain to be available in two versions, a 200horsepower, 140mph *Turbo* (likely to tip the scales at around £20,000) and a 16-valve number which should come in at three or four grand less, this is a winner. In terms of refinement, ride-comfort, stability and sheer excitement, this car has got it all sorted. Far more of a driver's car than either of its leading rivals (the Ford *Probe* and the *Calibra*), it's even snapping at the *Corrado*'s heels before you've turned that first corner.

Italian cars are supposed to have style and brio — that extra something that gets the enthusiast's blood up — but who can affford Ferraris, Maseratis and Lamborghinis? The sad fact is that, until now, most lower-priced Italian cars have been indistinguishable from the rest of the pack (except when it comes to the electrics, no-one can cock-up electrics like the Italians), but the *Coupé* changes all that. With designer-label appeal and real driver kudos, it can't fail.

JADE

Feeling a bit jaded? Well, we've got the perfect tonic from Down Under: 19-year-old Jade Thompson. You'd have thought that with Bondi Beach, barbies and *Neighbours* our Aussie cousins could spare Jade. Apparently not. "Yeah, I'm going to have to go back in the Autumn to finish my degree," she told us. Pity. Mind you, the thought of going down under with her is very appealing!

Eat, Drink And

So you've persuaded her to join you at your favourite restaurant. Her silk dress clings in all the right places, her stockings rasp as she runs a manicured nail down her thigh, her dark red lips are invitingly moist and slightly parted. What you order could make the difference between ending the evening with liqueurs or licking hers. But what?

Since the beginning, man has been looking for foods to make their partner porky. Ancient Greeks would spend their last Drachmas on love filtres for their females hoping that by spiking her drink, she would drink their spike. For centuries this kept hundreds of old hags masquerading as apothecaries off their uppers (or any other amphetamines!). Even as late as the 1960s, if the song is to be believed, there was a gold-cap-toothed gypsy with a storefront at 64th and Vine selling little bottles of Love Potion No 9!

These days you don't have to visit some orthodontally challenged Romany to render your partner randy. A trip to Sainsburys or the sweet shop will do it. Their shelves are bulging with the goods which, at one time or another, have been claimed to turn even the least licentious librarian into a raging nympho. The way to a girl's part, it seems, is through her stomach. But do they work? There was only one way to find out...

The victim for my experiments was my current partner, John. For the next few weeks, John and myself would live on a diet that was pure aphrodisiac. If everything that has been written was true, we would die from exhaustion brought about by constant sex! A good way to go, though getting John's coffin lid down might present a problem.

Day One of the F-Plan Diet (and we are not talking F for fibre, here) and that simplest of male aphrodisiacs, raw red meat! The Romans believed this heightened a man's appetite for everything from fighting to fucking, so hoping I would get knocked up rather than down, I handed John his steak tartare complete with raw egg plopped on the top. The poor boy was baffled at first, never having eaten an uncooked quarter-pounder before (except from a stall in Birmingham once, but we won't go into that). It was highly spiced with pepper (another aphro') and served with mushrooms (the fungi that turns you into a fun guy, it's said).

Well, the ancient fertility symbol (that's the egg) was rejected at once, but John got to like the steak tartare. It also seemed to be having some effect. He was grunting and slavering away, and his cock was beginning to twitch. Mind you, the fact that I served it in a French maid's outfit might have helped! On the other hand it might have been the mushrooms. Like lots of phallic food, they, it's claimed, make men miraculous in bed, just by virtue of their shape. But I doubt this was the reason for their success here. Scared of over-egging his pud, I'd opted for button ones! ▶

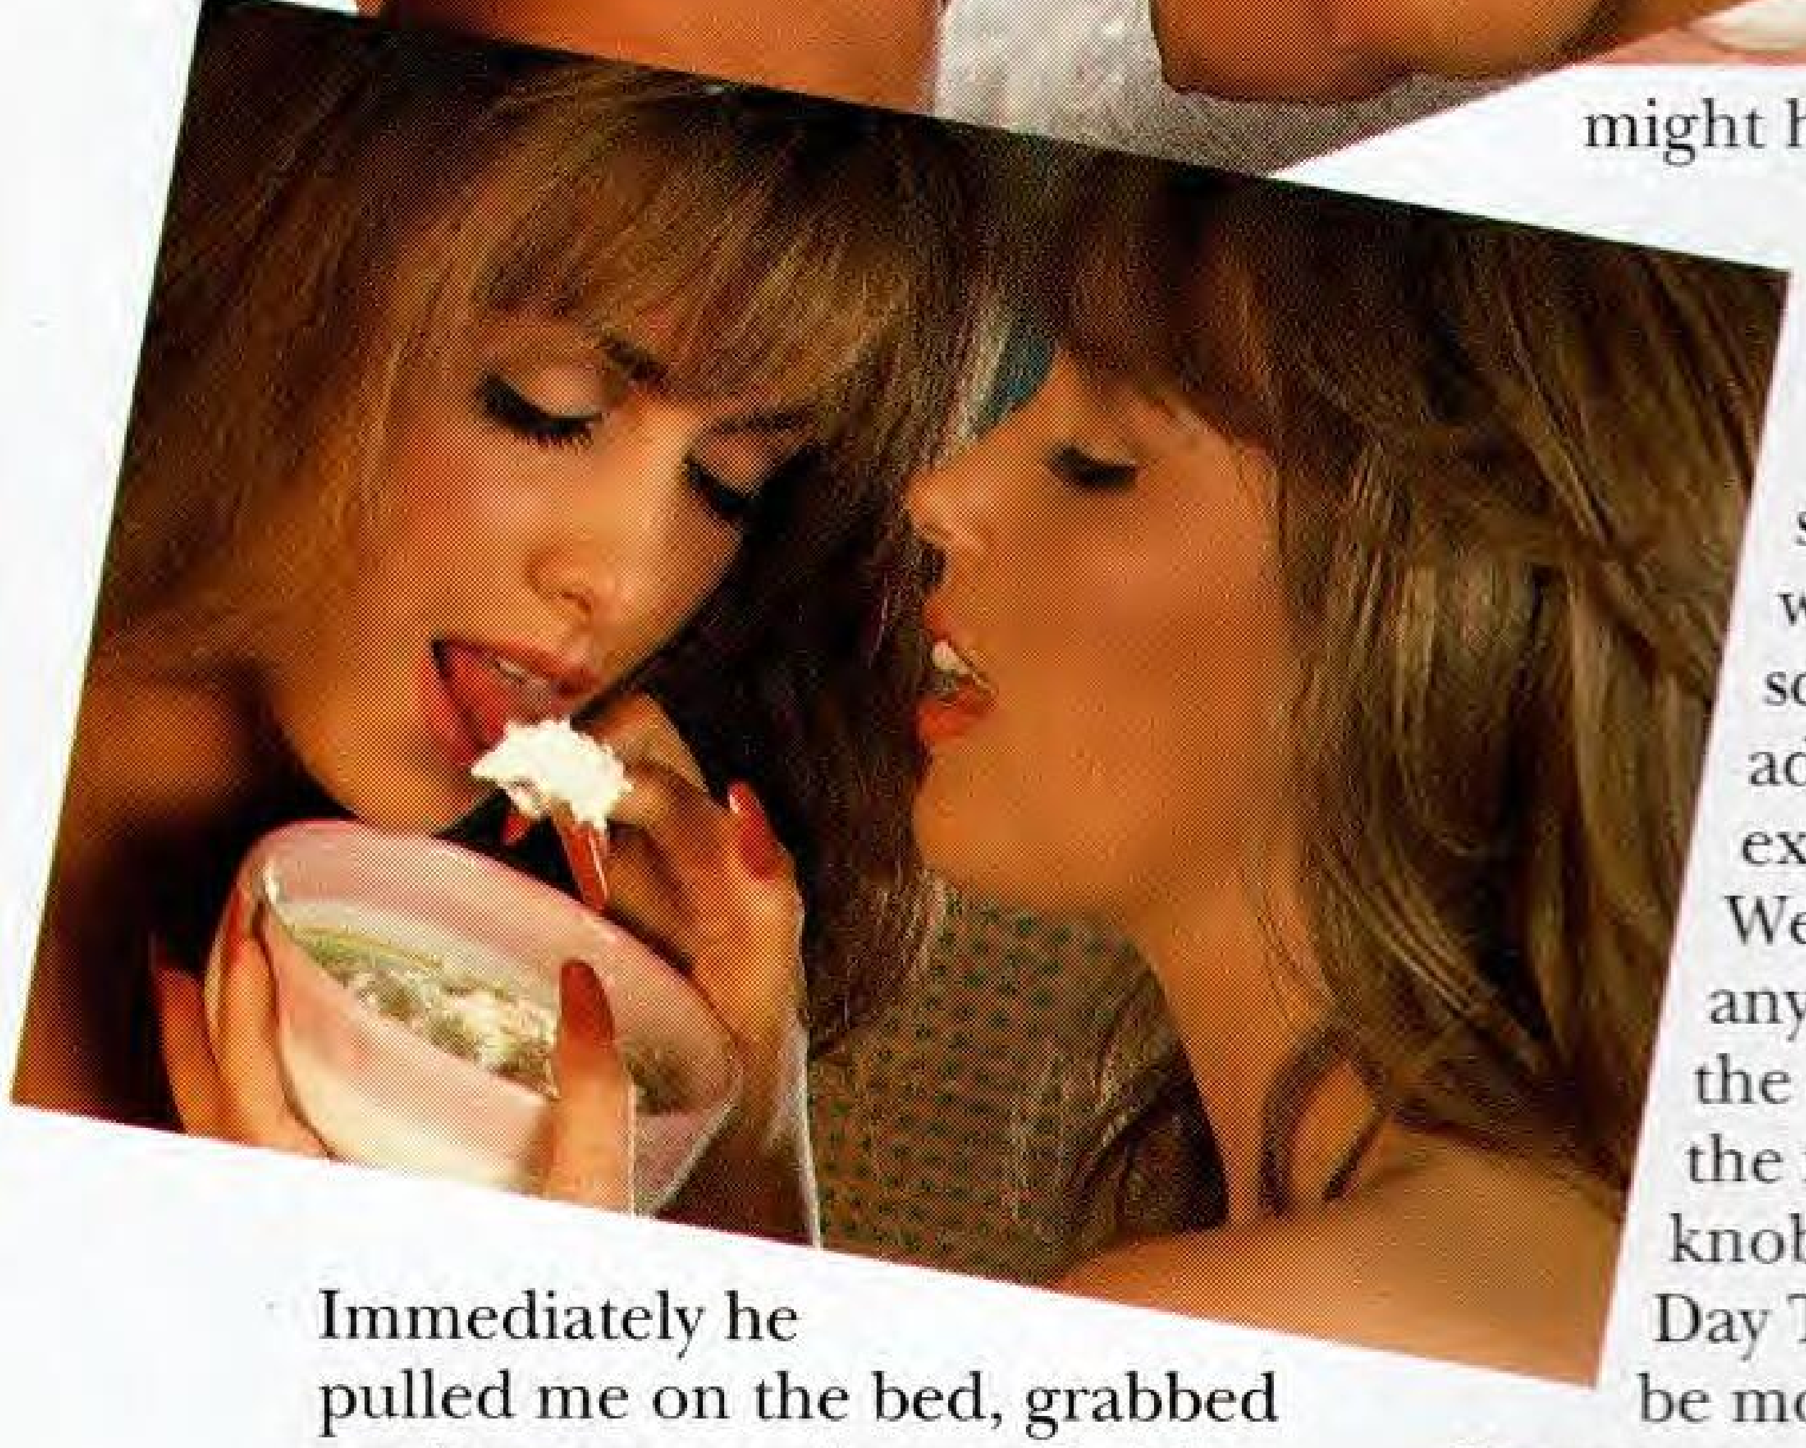
week on a dirty diet

...



Immediately he pulled me on the bed, grabbed my bare arse and started giving me a long deep kiss. Ug! Raw steak might make him a tiger in bed, but kissing carnivores is no fun. The pepper made it worse still. I headed down below where something definitely seemed to have perked up Percy. I was just about to get my first mouthful of meat when the pepper revealed another unfortunate side effect (or should that be rear effect?). I scurried out from under the covers desperate for oxygen.

Bananas, again by virtue of their shape, have been thought to have aphrodisiac qualities. Banana Split was our chosen dessert, and this time it was my turn to try it. Like most heavy sweets, this made me feel too full for bouncing on the bed, but by practising my oral technique on my five inch Fyffes, I was making John feel decidedly fruity. As my tongue licked the cream off the tip, it was too much! Armed with another, we headed straight to the bed again. He peeled me and then the fruit, decorating me with spray cream for good measure. Then slowly he licked the cream off my nipples and ate the banana from between my pussy lips before we were both feeling too saucy for anything other than good hard sex. His banana split might have been bigger than mine but at the end I was the one who was full up!

Bananas and steak seemed to have worked for us, but any scientist would have to admit that it was not exactly a proper test. We were feeling randy anyway, and it was not the taste of the food but the feel of it that had us knobbing all night. So Day Two and we agreed to be more serious about it. Oysters are perhaps the best known aphrodisiac and they were first on today's menu. Why are they so saucy-making? After slurping his way through a couple, John reckoned it was because swallowing one is remarkably similar in texture to successful cunnilingus, but I wouldn't know (well, actually I would but that's another feature altogether!). I'm afraid that after a dozen of the little demons, I just felt ill. I felt even sicker when I read that mussels are also claimed to have the same effect for about a tenth of the price!

Day Three was a lot better. Alcohol is perhaps one of the most common aphrodisiacs in the world, and we'd lined up a goodly supply. I've never been out with a man in my life who doesn't get randy after a few shandies. Some of my best nights (and a few of my worst) have been under a man under the influence. I know, there are some women out there reading this thinking, "What about Brewers' Droop?" but so long as you control the quantity, alcohol is not only a great stimulant but gets rid of your inhibitions as well, a fabulous combination.

Guys, forget having 20 pints of lager, opt instead for a light dry white wine. This gives you all the pleasures without feeling bloated everywhere but the willy. Champagne is often claimed to have the greatest aphrodisiac powers. It's true. Any man with so much cash he can afford to splash out £30 on a bottle of poo is an instant turn-on in my book! Seriously, okay the bubbles are nice, but I get just as hot on a bottle of Tesco's Liebfraumilch. Serve it in an ice bucket by the bed. You can then use the ice cubes to tease my nipples into icebergs.

If you must drink beer, go for one with a widget! Why? Well, it's less gassy and you're less likely to belch beer breath halfway through. And forget those saucy sounding cocktails. A Sloe Comfortable Screw or Harvey Wallbanger might be cheap laughs in the burger bar but they are too sickly for sex. You should also be careful with spirits. Whisky makes you frisky the saying goes, and it does, but Scotch Crotch is even worse than Brewers' Droop — even the kiss of life doesn't work! Drink too much of the electric soup and no girl will get even a wee dram out of your stiff one! No, I'm happy to say that Threshers had us thrashing all day with a selection of white wines which, like our sex, were sometimes sweet, never too dry and often sparkling. Highly recommended.

"He licked the cream off my nipples and ate banana from between my pussy lips"

Day four and I'm working my way through Mexican emperor Montezuma's recipe for randiness. No, not chilli, but chocolate. The Mexican monarch had a sweet tooth (probably his only tooth) and used to consume 5lbs of choccy a day to stop his bar getting soft. Now, you might be amazed to learn that there is actually some scientific evidence to suggest that a Yorkie makes you porky. The chemicals in a block of choc have the same effect on women as testosterone does on men, and it's claimed that this is why so many women cram Cadbury's into their mouth when they can't find a fella. Every pound of *Milk Tray* is a box of little bollocks, squirting its sweet load into her system. No wonder the lady loves...

So, as I slid my *Flake* between my lips and sucked its rippled skin, I realised that it not only looked like a blow job but was doing the same thing for me! And yes, I was getting naughty — though I suspect this was the sugar pumping through my blood stream as my imagination turned my king size *Flake* into a fabulous fanny-filler. John had opted for a more macho massive *Mars Bar* — and we all know wha some ladies like to do with them! And don't tell me that the blokes at Mars don't realise! I mean why else do they put the little veins on the bar, huh? Altogether now

— a Mars a day helps you jerk, nest and play!

But not in our case. Once the sugar buzz had worn off, I'm afraid both of us felt too sick for sex. Montezuma obviously had a much bigger appetite for the sweet brown stuff.

It was Day Five, and we were getting desperate. Okay, none of our Foods for Dirty Thought had actually stopped us shagging, though the flatulence caused by the steak came close, but as yet we hadn't found anything that actually genuinely enhanced it.

Our Nookie Cookbook of aphro ingredients had plenty more suggestions, but they all had problems. Garlic is good, it told us, but made no mention of the smell. Honey, even taken internally rather than poured in runny rivers over your fanny, will make you buzz more than a bee but the sting is that I'm allergic to it. Then there's such readily available additives as powdered rhino horn, deer antler and, if the American Indians are to be believed, buffalo pee. Well, I'm not following a buffalo around with a beaker between its legs or taking a nail-file to the nearest rhino's proboscis for anyone. And as for bull's bollocks... Well, I mean! Even John's can taste a bit iffy after a night on the curry, and he doesn't live in a muddy field.

Then we found it — in a health shop of all places. Scanning the shelves for rhino nose, John discovered some tablets for "soothing irritability". As well as the truly accurate instructions ("How to reduce irritability. Take one tablet a day. Keep away from children."), closer inspection revealed that the principal ingredient was hops. That's right! They were beer tablets, Pils in pill form. We bought some and gave them a try.

And do you know, they work! You have to take more than specified but slowly, anxiety disappears in much the same way as with alcohol but without spoiling the propensity for perpendicularity. We both found our worries about tax, the house, the bills etc diminishing and we were able to concentrate on kissing and licking each other's bare bodies. It didn't so much heighten our awareness as stop it being dulled by other concerns. I'm told Ecstasy does much the same thing — if you're prepared to spend an evening with wankers to buy some!

Our minds were free to enjoy the subtle salty taste of smooth skin as John sucked my eager nipples and I kissed his firm cock. We were relaxed yet still horny, as my mouth took his length as easily as his tongue found my clit. It all seemed slower somehow and more delicious. John's cock slid between my lips seemingly for ever, and my clitty seemed insatiable. Then we swapped over and his cock slipped into my tantalised pussy. Even then our fuck was relaxed and wonderful: slow, slow, slow. The perfect cure for executive stress.

With all this teasing, our orgasms, when they finally came, seemed better than ever. I rolled over and came for what seemed like hours, squirming around on the bed in glorious ecstasy (the real thing!).

I know, we make it sound miraculous, but after several such fucks, I was able to think rationally again. Aphrodisiacs are almost entirely psychosomatic. If you want something to work, chances are it will. We found our beer tablets worked, not because they are aphrodisiacs in themselves, but because they help you forget other problems that otherwise dull your sexual appetite. And perhaps that is how they all work; even Montezuma's choccy must have helped alleviate the stress of Mexican monachy. In other words, everything is an aphrodisiac! Everything that makes you relaxed enough to enjoy sex with a person you really fancy, devoting your every thought to enjoying the touch and taste of their body. So get eating! Ⓜ

GRABBING A MOUTHFUL

Our Aphrodisiac Menu

1) Raw meat. Steak tartare is fine but the pepper makes him fart!

2) Bananas. Unzip one and she might unzip yours, especially if you serve it with cream from her personal fruitbowl.

3) Mushrooms. Another phallic food supposed to make his cock imitate the shape — so don't get button ones.

4) Oysters. Well known aphrodisiac, slurping these is a bit like successful cunnilingus in taste and texture.

5) Mussels: Said to have the same effect at a fraction of the price.

6) Champagne: Any alcohol lowers inhibition and will make your lover live a little but be wary of Brewers Droop and Scotch Crotch. Champagne is said to be the best, but any white wine will do me.

7) Chocolate: Mexican monarch Montezuma reckon it made him randy, but I bet all the pictures of him airbrushed out his acne.

8) Drugs: Of course, I haven't tried any of these (naturally!) but I'm told E is very good if you're prepared to hang around the sort of places you can get it, and grass makes everything seem slow and sensual — even making the tea!

9) Hop Tablets! Yes, really, they're Pils in pill form. All the relaxation of alcohol without the risk of wilting!

10) Anything! Aphrodisiacs are almost entirely psycho-sematic. It's your attitude to sex that makes it enjoyable. Anything that makes you relax and have fun will make for a wonderful week.

GAIL

At 5'5" Gail Tiptree is well above the average height for a woman. So why does she insist on wearing six-inch stilettos everywhere she goes?

"I like to meet my men eye-to-eye!" she laughed. "You can tell a lot about a fella by his eyes, but you need to be able to see them first!

"When I first meet a man I fancy, I look deep into his baby blues to see if they twinkle — if they're as murky as a puddle I say cheerio straight away, but if they light up like fireworks on the Fourth of July then I drag him back to my place and into bed as fast as possible! In my book, bonkability is definitely in the eye of the beholder!" Ⓜ

LABORATORY OF HUMAN RESPONSE

QUEST

For many women losing their virginity is not the most important moment of sexual awakening; sometimes that comes later and more dramatically...

NAME: MISS D
AGE: 27
TOWN OF ORIGIN: WORKSOP
OTHER DETAILS: THIS LOCAL REPORTER HAD NEVER ENJOYED SEX UNTIL SHE MET HER LATEST LOVER...

Quest: What was it about the sexual act that you didn't like?

Miss D: I don't know whether it was just my choice of partners, or whether it was that I hadn't come to terms with myself sexually. But when I was with a man I just couldn't seem to get myself turned on.

Quest: It's not as if you aren't sexually attractive or sexually self-aware...

Miss D: Not at all. I know that I look good and that men get turned on by me. My figure is quite full and perhaps I've always been a bit uncomfortable with that. I'm 38-24-36 and my boobs are very high and firm and rounded. I suppose I've felt self-conscious about the size of my breasts and the attention that they bring to me.

Quest: But you've solved your problem now. How?

Miss D: I think part of my recent sexual awakening comes from the fact that, finally, I've become comfortable with my body. It was as if a green light suddenly went on inside my head, and now I feel at ease with myself and the attention that my looks bring. I think that's how I was really able to let go of my inhibitions with my new lover.

Quest: What turned things around for you?

Miss D: I made a conscious decision that I was going to solve my sexual problem. It was a kind of self-help sex therapy, if you like. I began by exploring my own body, usually in front of the mirror. I'd touch myself and really concentrate on what made me feel sexually aroused — like the light touch of my fingernails over my nipples as they were getting hard. I'd feel a shiver run through me as I increased the pressure slightly.

And then, when I trailed my fingers down further, across my stomach and down between my legs, I'd hover them there just for a minute, just very lightly playing with myself. I found that if I touched the soft folds around my clitoris I could bring myself to the point of climax very quickly.

So when I met Mark, I think the difference in me was obvious. It also helped that I'd never found a guy as sexually attractive as I found him. For once, I was totally confident of the fact that sex between us was going to be mind-blowing.

Quest: Describe what happened to you...

Miss D: I went for the big seduction scene. That was something I'd never done before. It was all rather public too. I dressed in quite a sober black dress and took Mark out to dinner. I say that the dress was sober, but at the same time it hid nothing. It clung to every curve of my body, making my waist look tiny and really accentuating the size of my breasts. Mark couldn't take his eyes off them, and he wasn't the only man in the restaurant who couldn't, either.

"Each orgasm seemed to get more powerful"

I felt incredibly turned on knowing that every man in the place was lusting after me. I kept squeezing my thighs together under the table, feeling the pressure on my clitoris build up. The way I was looking at Mark, he must have known how wet and horny I was getting. I couldn't stop myself from reaching under the table and giving his thigh a rub.

Just the feel of my hand on his trousers seemed to excite him. He grabbed my wrist and moved my hand further up his leg to his crotch. Under my fingers, I could feel his cock grow longer and harder. He groaned as I moved my fingers slowly over his crotch, and if the expression on his face was anything to go by he was ready to come right then. The knowledge of the power that I had over him aroused me more strongly than I'd ever thought possible. I was hot all over, but shivering at the same time. I felt as if I couldn't breathe, and that all my nerve endings were centred around my pussy. I think I was on the brink of climaxing right there!

Quest: You were as aroused as that?

Miss D: Yes. It was something that I'd really believed would never happen to me. Now, it was. I could barely believe it, could hardly think straight. We left immediately, and as soon as the taxi dropped us off at my flat and we were through the door, I virtually ripped Mark's clothes off. He did lose a couple of shirt buttons, but neither of us noticed.

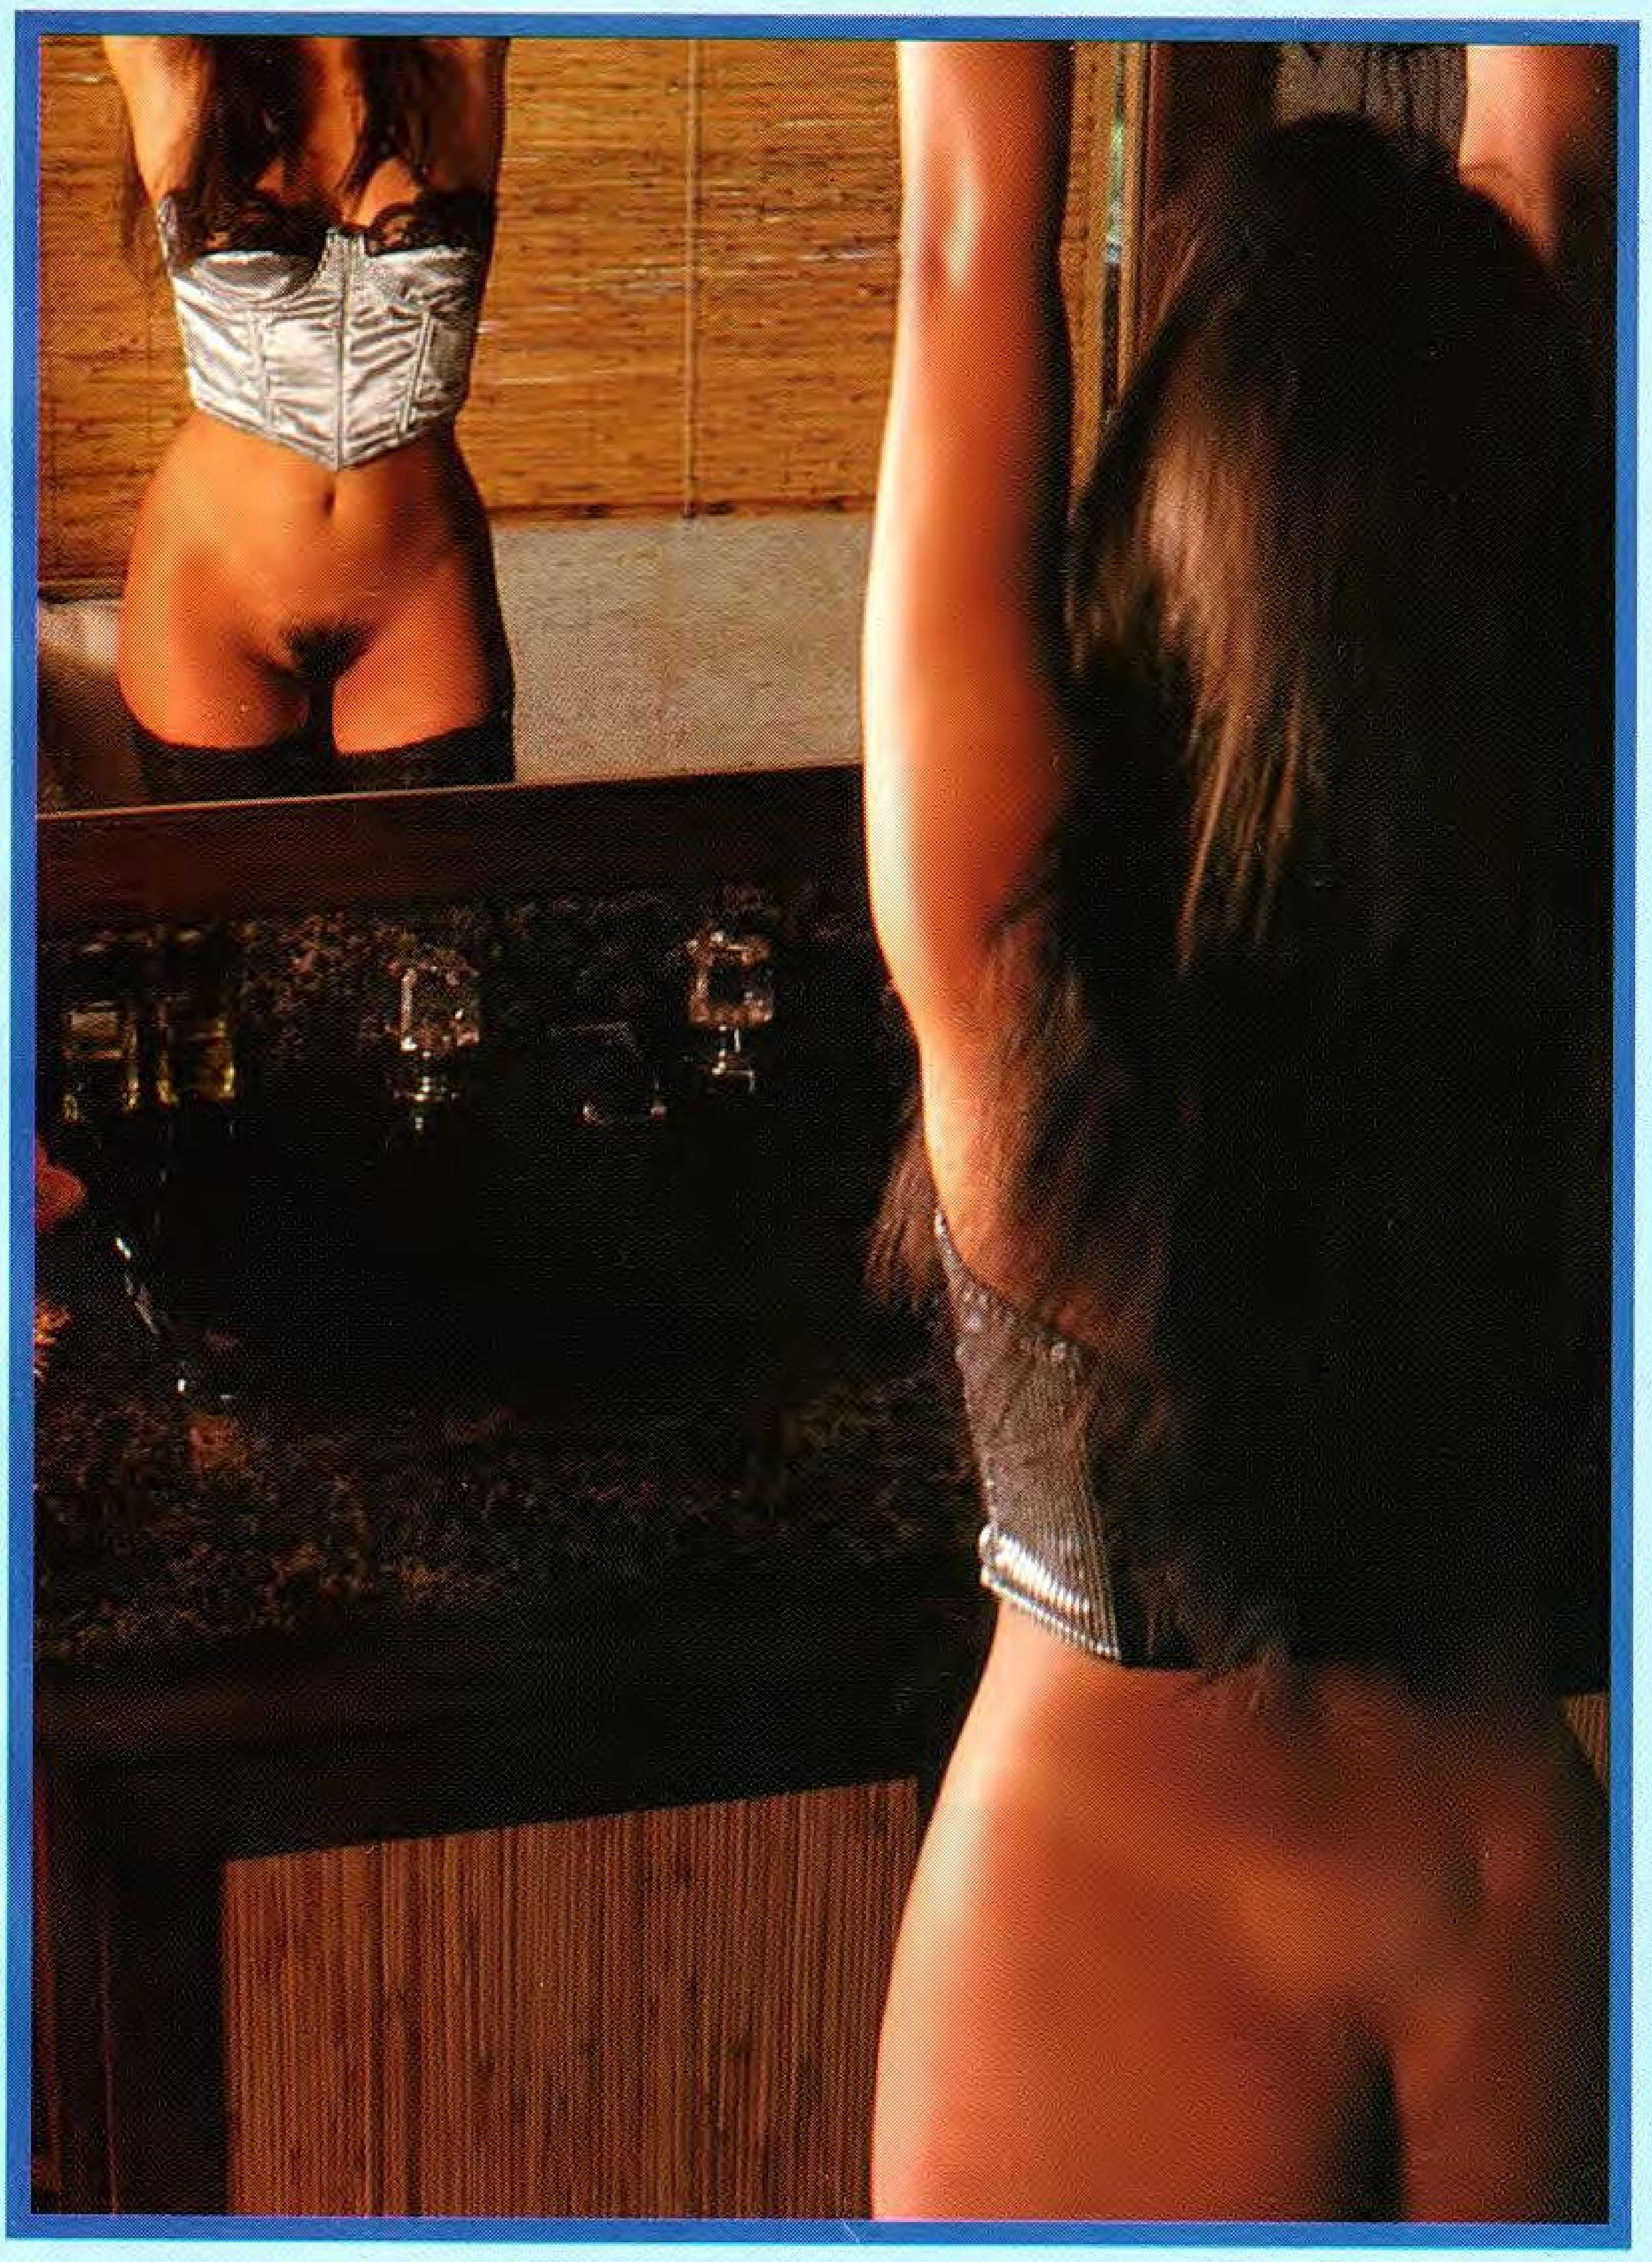
I was gripped by a lust so strong that my mind was filled with nothing but sex. When you've got to my age and never felt that all-consuming sexual desire, it comes as quite a shock to the system. My hands were shaking as I stripped off my clothes and let Mark lift me off the ground so that I could slide my legs around his hips. I shivered as I felt the head of his cock nudging inside my pussy, and I was already so wet anyway that he slid inside me fully right away. I swear I could feel every throbbing vein and every delicious inch of him.

Everything came into sharp focus as I came for the first time, feeling the waves of ecstasy pulse through my body. I loved the grinding tightness of my pussy around his rock hard cock, and the brush of my pubes against his coarser ones. I really rode his shaft hard, just being selfish and concentrating on my own pleasure. I was slicked with perspiration, throwing my head back and my inhibitions out — and I couldn't believe that each orgasm I had seemed to get stronger, more powerful. To be honest, I hardly noticed when Mark finally came inside me, and afterwards I collapsed back on to the stairs like a limp rag.

Quest: What is the state of your relationship now, sexually?

Miss D: For the first time, I feel in control of my sexual responses — yet at the same time, they're wildly out of control! Luckily, Mark's sex drive is as high as mine is so he's keeping me more than satisfied.

This might sound silly, but for the first time I feel like a real woman — and everyone tells me that I'm looking sexier than ever too. I can't believe that until just a few weeks ago, I didn't even like sex...



LABORATORY OF HUMAN RESPONSE

QUEST

NAME: MISS L
AGE: 22
TOWN OF ORIGIN: ABERDEEN
OTHER DETAILS: THIS AIR HOSTESS BECAME DISSATISFIED WITH HER LOVE LIFE BECAUSE WORK KEPT HER AND HER BOYFRIEND APART FOR LONG PERIODS. THEY ARE NOW EXPERIMENTING WITH DIFFERENT WAYS TO SPICE UP THEIR SEX LIFE...

Quest: How long have things not been right for you sexually?

Miss L: About six months now. My boyfriend and I have been together for four years, and because I was so young when we first met, I wouldn't describe myself as sexually experienced. I'd only been to bed with one other guy before I met Andy. Things became serious between us very quickly, and so he's only the second man I've ever been to bed with.

Quest: Is Andy more experienced than you?

Miss L: He's had two or three more lovers than I have, I think. To be honest, we don't really discuss it. Really, all I know about sex I've learnt from him: he taught me to give blow-jobs and how to enjoy being given head, stuff like that. But I never really learned to let myself go in bed with him, although we've been together all this time.

Quest: Was that what you found unsatisfactory about your love life?

Miss L: That was one of the things. But I just felt that we were in a bit of a rut. We never seemed to try anything new, and even seemed to have set days when we'd have sex!

And when we did, it always followed the same routine. Andy and I would be lying in bed and he'd start stroking my breasts with his hands, turning on to his side so that I could feel his cock starting to harden.

He'd do that for about two minutes, and then one hand would move down to my fanny. Then he'd just move on top of me, push his cock into me with three thrusts (it was always three!) until he was fully inside me, before doing a barrage of mechanical thrusts until he'd shot his load inside me. I'd often come myself, though not always.

It sounds pretty routine, doesn't it? I was just so bored that I found myself looking at other men and getting aroused by them, feeling my pussy juices stirring up if I happened to catch someone's eye in the street or at the office. My sexual frustration affected our whole lives together and I started to take on extra shifts at work, so that I was at the flat less and less.

I kept that up for a couple of months, I think. Eventually, the whole situation just exploded one night when I pushed Andy away from me in bed after we hadn't had sex for three weeks. He asked me why, when I used to be the kind of girl who needed and wanted to be fucked at least twice a day. I just took a deep breath and told him everything I was thinking and feeling. He was shocked at how deeply dissatisfied I was, though I don't think he was surprised; it must have been blindingly obvious that something serious was wrong between us in bed.

Quest: So you finally told him what you felt...

Miss L: Yes, I was so fed up that I really laid it on the line; told him what I wanted from him. I wanted to be touched and stroked, to have sex in a few different places and different positions occasionally. I was very blunt. "I want you to fuck me outdoors, or in the car, while I'm in the kitchen doing the washing-up..." I told him. "I want to just be touched sometimes and not always end up having sex. I want to take all the pleasure from you that I need."

"I love to feel his come all over my skin"

Andy blushed as I said such forthright things: he was blushing with excitement, I think, as much as anything. I'd never talked so dirty to him before, and he was turned on by it. I was excited too, putting my most secret thoughts into words.

Quest: Did your tactics work?

Miss L: They've started to. Andy and I are much more tactile with each other now. Like, the other morning I was going to make a cup of tea when I realised that Andy was already in the kitchen doing it. He was standing with his back to me, naked, when I went in there. I couldn't help admiring the shape of his buttocks, the way they dimpled as his muscles flexed, the way his strong, hairy thighs clenched as he reached up into one of the cupboards.

I was suddenly overwhelmed by the urge to stroke his balls. I sidled up behind him and pressed my naked body into his. When our hot bodies melted against each other, I shivered in reaction. I began to circle my pelvis against him, so that he could feel the soft brush of my pubes against his back. I wound my arms around to his front and felt the growing hard-on against my wrists as I reached down and lightly stroked his balls with my fingertips. His cock rose instantly.

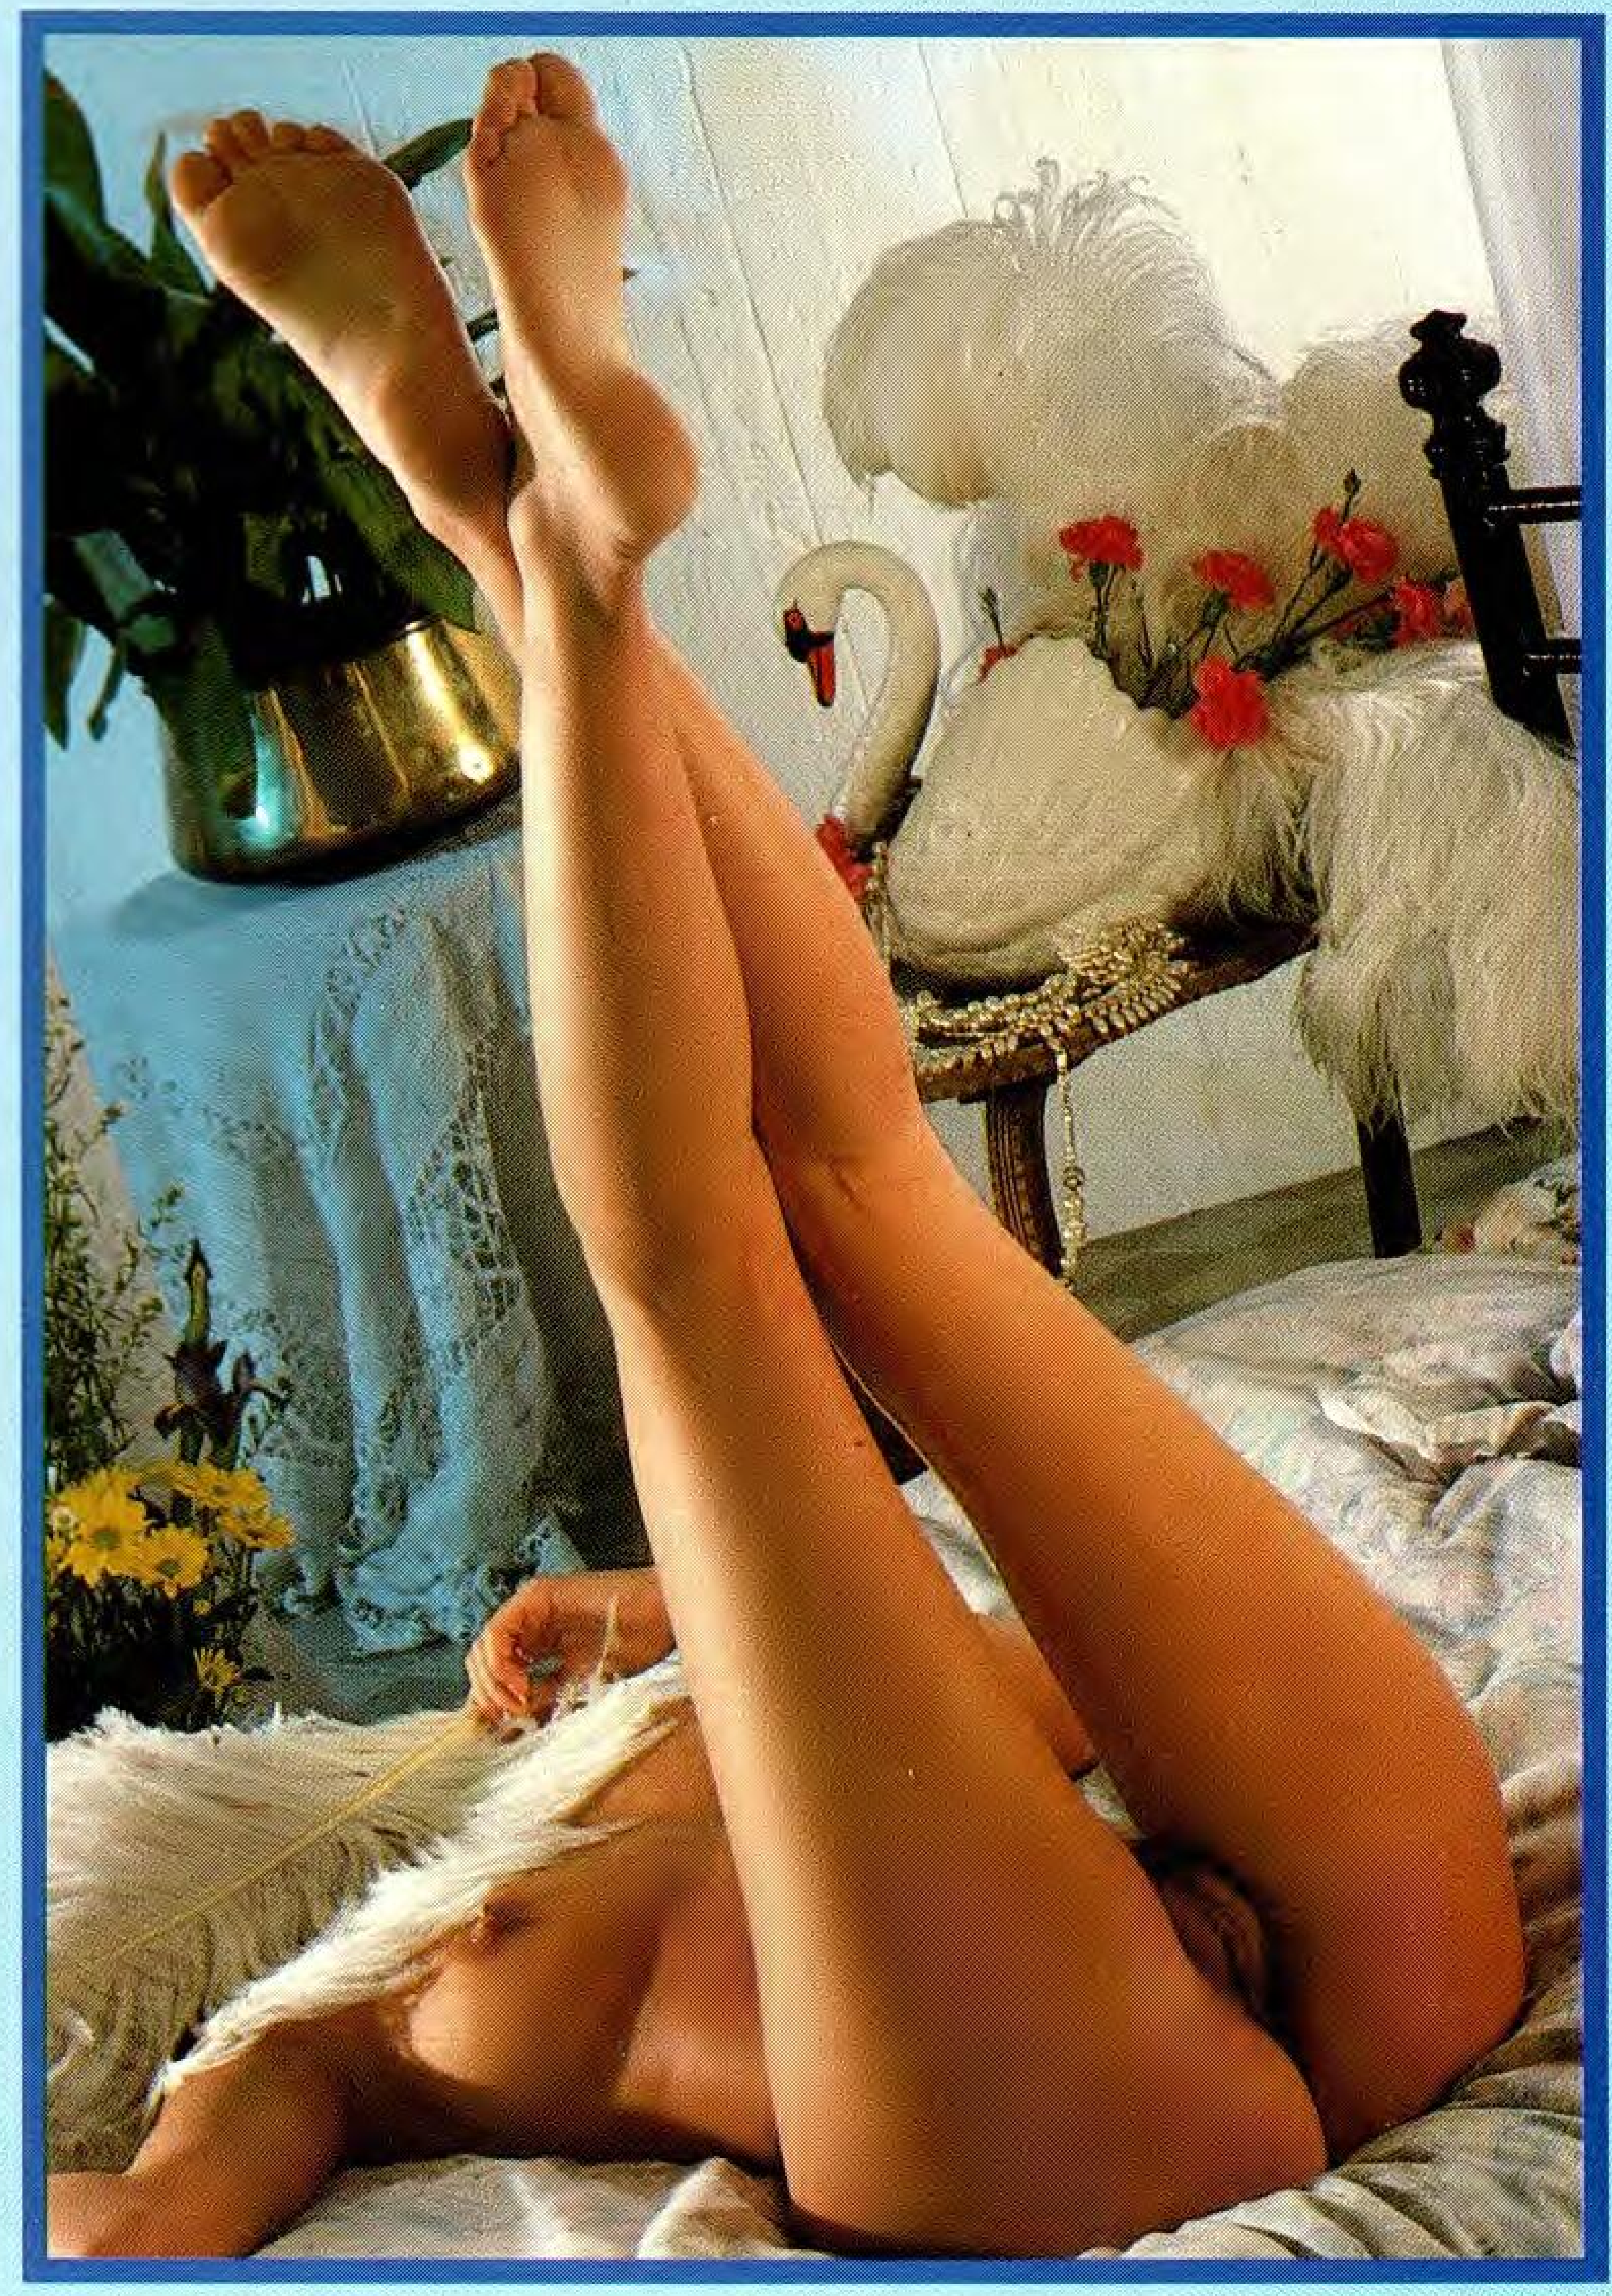
I gripped it hard and wanked him to a climax, collecting his come in my hands. It was a deliciously spur-of-the-moment thing, and that's what I've found turns me on the most — spontaneity. Now, I love it when I can arouse Andy any time I like. I love to lounge around in the sitting room and hike my skirt up to stroke my fanny in front of him — but not letting him touch me. I'll part my full love lips so that he can see every juicy fold and watch my fingers slipping in and out of me. I stir them around so that my come leaks out, and then I'll coat my whole fanny with it. It seems so... slutty to be lying there with my legs open, all juiced up, but it really arouses Andy to the point where he can't control himself.

My current favourite is to lie back on the bed and have Andy stroke me all over with a big, soft feather. Does that sound a bit kinky? It certainly feels that way as he trails it across my back (I prefer it if I'm lying on my front for this — my nipples are just too unbearably sensitive!), right down the line of my spine until I can hardly breathe because it's so erotic. When he brushes it over one buttock and then the other, just using the feather's tip, I can feel myself starting to reach orgasm. I come for sure when he runs that feather between my thighs, over my love lips. It's a deep, deep orgasm, my bum thrusting up and down as I move against the mattress to bring myself off harder. Seeing me so aroused gets Andy really horny too and our feather sessions always end with me getting the shafting of my life with my legs spread wide so that his big beautiful cock can fill me to the brim as he moves in and out of me slowly and deeply until we come together (another new development!).

Sometimes, I'm even unselfish enough to use the feather on him too! The slightest touch of it on his balls and Andy shoots his come in thick streams. I love to feel his come hit my skin: these days, I'm so uninhibited I can scarcely believe it. If you'd told me six months ago that I'd let my boyfriend watch me rub his sperm into my breasts and thighs after he'd come on me, I'd have laughed.

Quest: Are you still working on exploring your sex life further?

Miss L: Yes, and I'm enjoying every dirty minute of it!



QUEST

NAME: MISS W
AGE: 19
TOWN OF ORIGIN: GRAVESEND
OTHER DETAILS: THIS YOUNG SECRETARY IS STILL A VIRGIN. SHE DESCRIBES HERE HER FIRST EXPERIENCES OF AROUSING HERSELF AND GETTING TO KNOW HER OWN BODY, AND SHARES HER HOPES FOR HER FUTURE SEX LIFE...

Quest: How long do you intend to stay a virgin?

Miss W: As long as it takes me to find the man that I feel I really want to sleep with. I've been brought up to believe that I should save my virginity and not just toss it away to the first man who came along and tried to bed me.

It's not that I haven't had offers. I may be a virgin still, but I know how to make a man look at me and be aroused, and I've got a good body too. Obviously, being blonde attracts a lot of male attention, and I love to flirt with guys, keeping up the eye contact just that second too long so that they know they're getting me interested, then pulling back before things can go any further. I suppose that makes me a bit of a tease, but I don't think there's any harm in that.

Quest: But you are very aware of yourself sexually, aren't you?

Miss W: Despite the fact that I've never had sex, you mean? Oh yes, I've always felt very much in touch with my body, and I know how to excite myself. Just because I haven't been all the way doesn't mean that I don't enjoy having orgasms and pleasuring my own body.

Quest: How do you do it?

Miss W: Masturbate? Well, to be honest I like to do it in some strange places sometimes! I'm quite highly sexed, I think, and so sometimes I find myself getting turned on at the oddest times. The other morning, I was getting the bus to work, and I don't know whether it was the movement of the bus itself or the fact that a pretty dishy guy was sitting opposite me, but I found myself getting really excited. All hot between my legs.

I didn't try to ignore the feeling; I just rode with it. I could feel the guy's eyes taking in the curves of my boobs and the way my legs kept crossing and uncrossing as I fidgeted in my seat. I think he must have had an inkling that I was getting turned on by his attention, because he was smiling at me as he became bolder and his glances became more lustful.

I just held his gaze and slowly opened my coat so that he could see how my nipples were hardening under my blouse. I knew I'd passed the point of no return, and that I was going to come. I couldn't stop myself.

I felt my whole body flushing and I broke out in goose bumps as my pussy muscles clenched of their own accord. I was only making tiny squeezes with my thighs, but that pressure was enough to make me come in my knickers as I sat there.

Quest: Did the guy who'd excited you so much realise what had happened?

Miss W: I'm not sure that he did — and it was all the more erotic to think that he might not have done! It was just a secret I could keep all to myself. I'd made myself come, after all, he hadn't even touched me. I was in a state of excitement all that day, my pussy tingling and moist.

"I just couldn't stop myself coming"

Quest: What about when you're at home, alone: how do you turn yourself on?

Miss W: Again, I've got this real thing about touching myself through my clothes. Frottage, that's what they call it, isn't it? That really turns me on. I love really coarse material too, like denim or harsh cloth being rubbed against my skin. I love to lie back on my bed with my tightest jeans on, and I'll pull the crotch up really tight around my pussy, so that the big seam really presses into me. If I rock my hips just a little, I can come really easily that way.

I also love to look at myself in the mirror naked. That might make me sound like a bit of a narcissist, I suppose, but I do find that looking at the physical signs of my arousal is a big turn-on for me. For example, if I can watch my nipples harden as I let my fingernails drag over the areolae, and I can see them turning to that dark pink colour whic signals that my orgasm is starting to mount up inside me. I love that moment: when you know for sure that you're going to bring yourself off, but you want to draw it out as long as possible, to make the pleasure more intense.

I've also learned how to bring myself righ to the brink of coming (using my fingers or my vibrator — I'm equally adept with either!), but then to hold back and start building myself up to it all over again. That way, you can orgasm even more intensely, i you work yourself up to that point. You rea that peak where you think, 'I'm going to come!' but you don't let yourself go over th edge. You just hold on to it and then start building up again... Eventually, of course, you get to the point where you just can't st yourself from orgasming, and then the plea sure is three times as intense as normal.

Quest: You seem very aware of your o sexual boundaries...

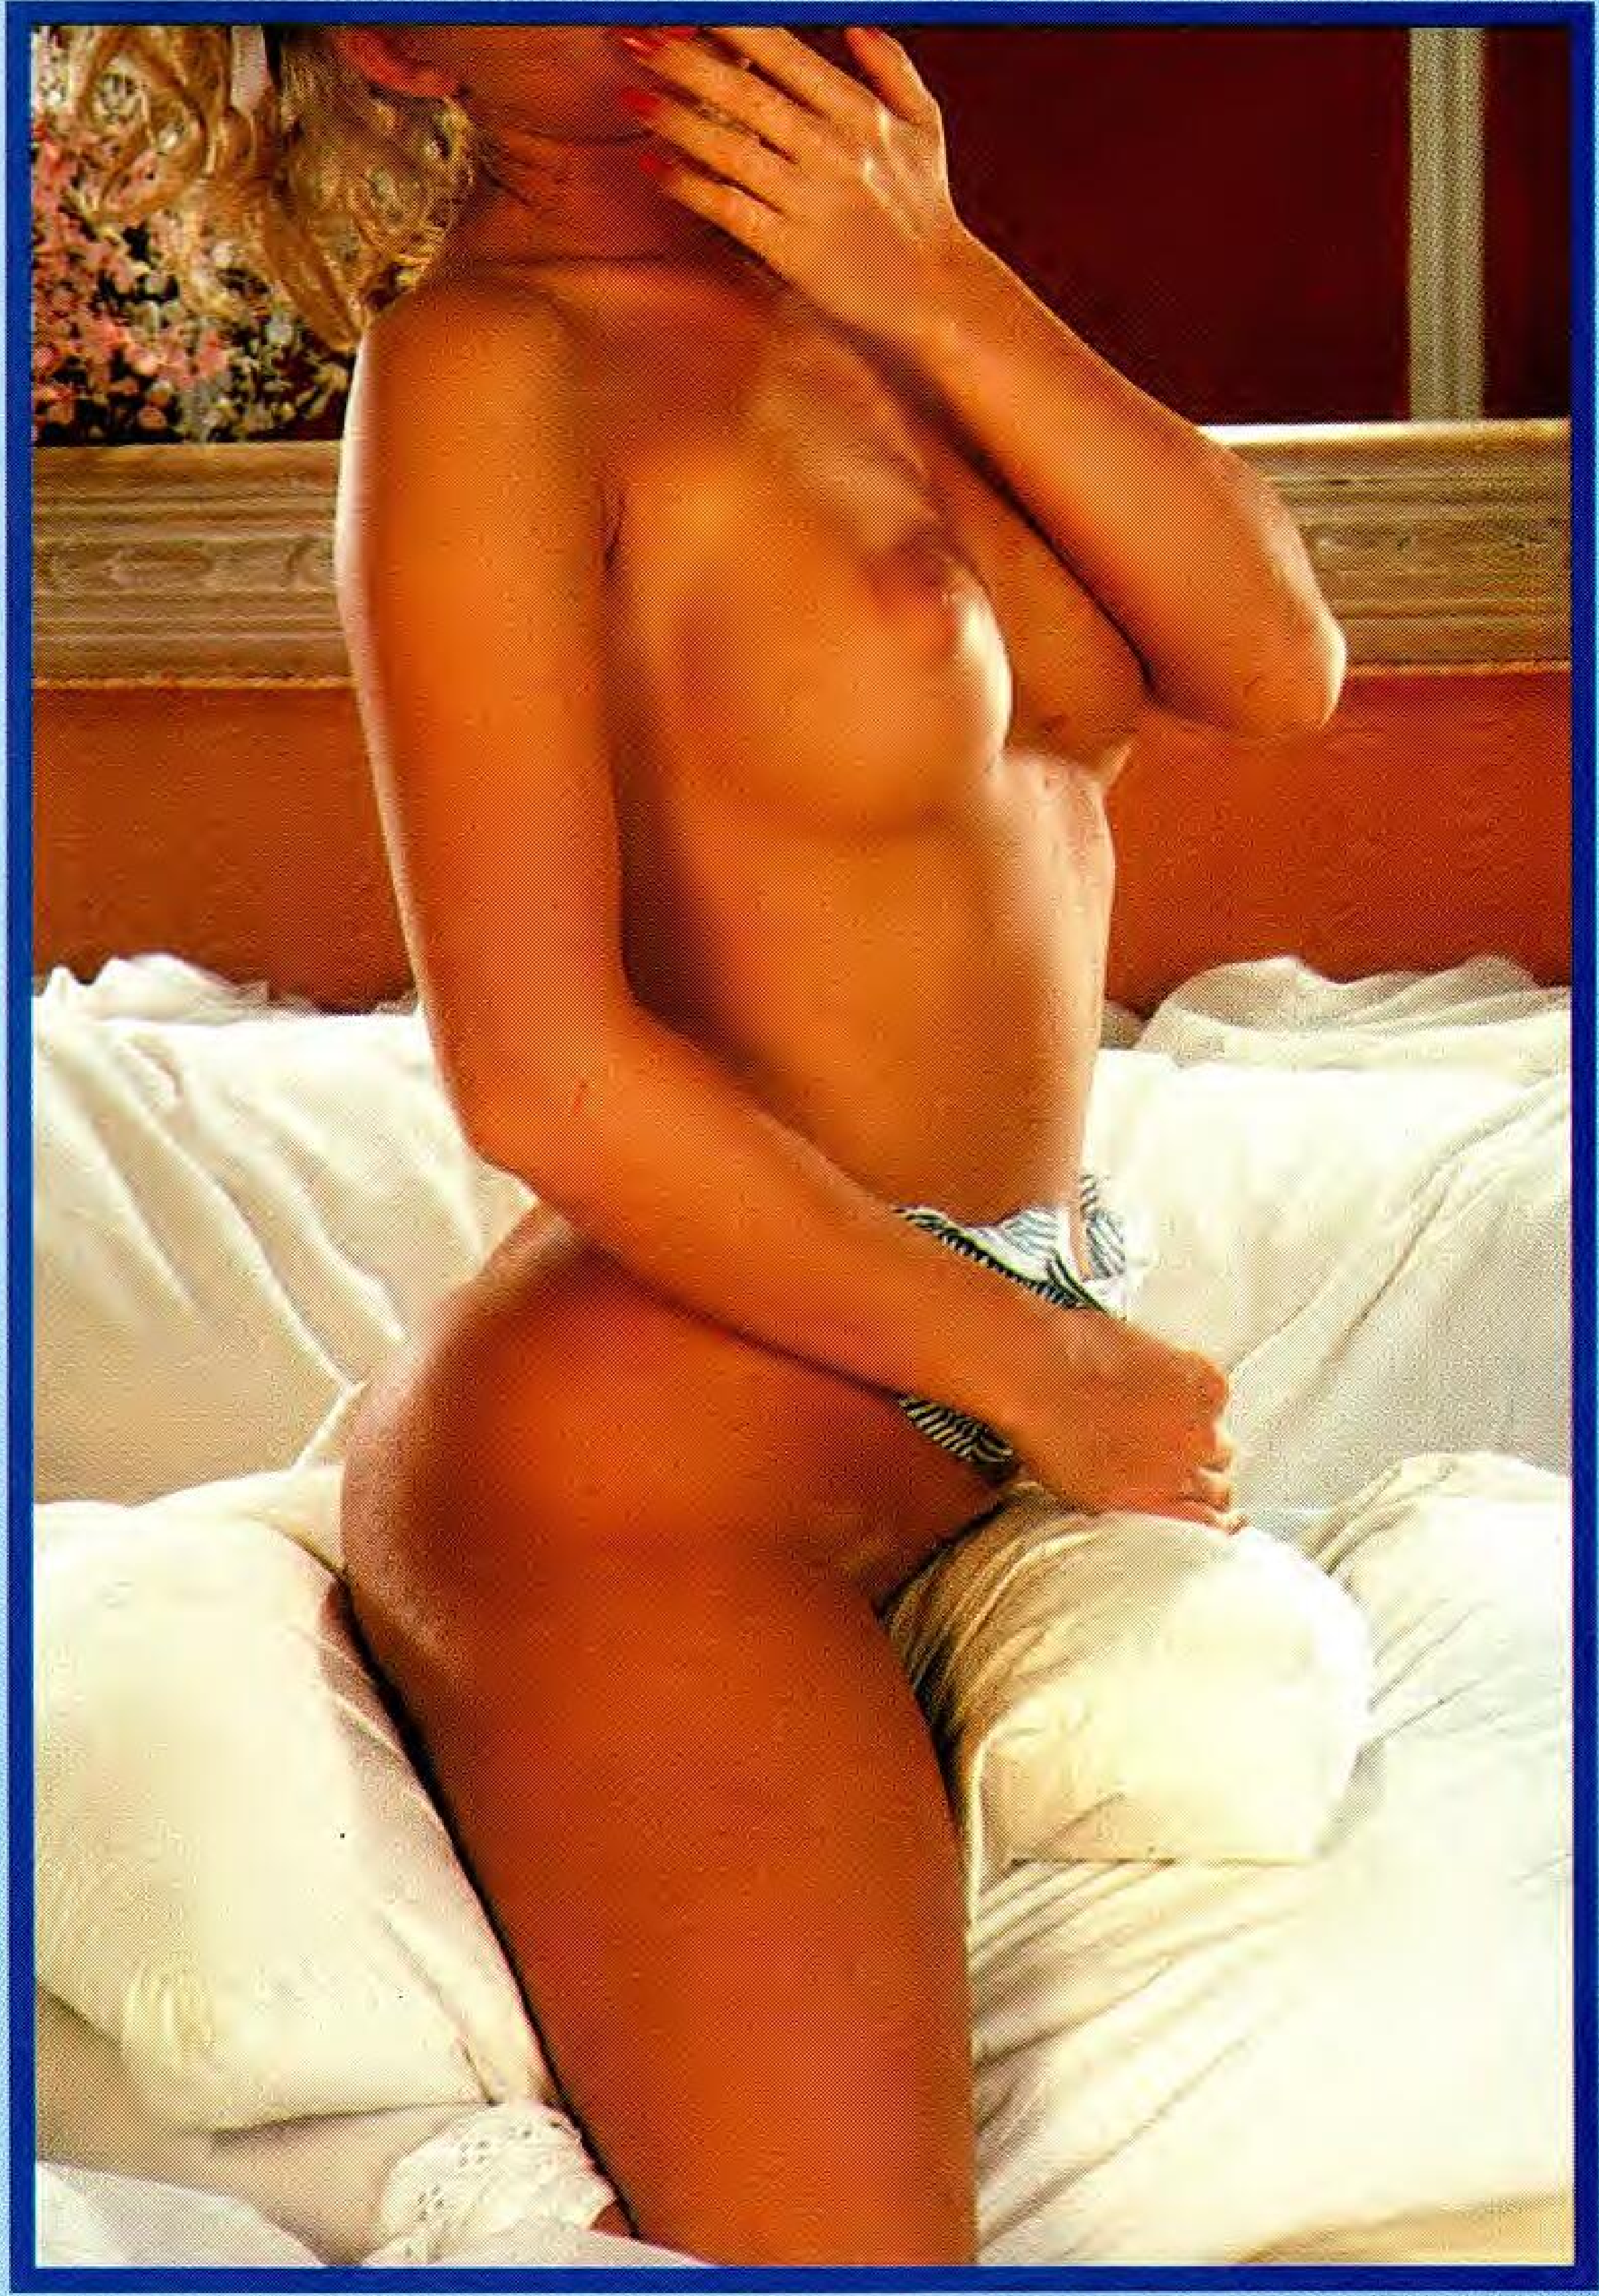
Miss W: I think that's important. I mear when I come to have sex for the first time, how can I expect to be able to show r lover how to best give me pleasure if I don know myself?

Quest: What are your plans for that fi lover?

Miss W: I know my own body pretty wel so I'll be concentrating on getting to know his body. Although I'm still a virgin, have had boyfriends and gone through all that heavy petting stuff — my fingers wrapped around the guy's cock wanking h off into my hand, his hand slipping up un my skirt to frig me, that kind of thing — b I've never actually been in bed with a man

So I should think I'll be spending a lot o time looking at his body naked, watching l cock harden under my hands. I'd try my tongue out on it, too — would you believe that I've never sucked a guy off? I'm really curious about that, about what his shaft ar his come will taste like. And above all, I'm curious to find out what it feels like to hav cock inside my pussy, my slick walls holdin inside me.

And I'm dying to know whether it would feel different with me on top or him. Wou he be able to penetrate me deeper if I was ride him, or if he was pushing into me fro above? I'm getting very excited right now just thinking about it makes me feel really horny! I lie in bed just about every night l ly, fantasising about the moment I'll lose virginity. I can hardly wait for it to happen but in the meantime... Ⓜ



HELEN HARTLEY

Girl next door

This month's Girl Next Door is not so much from the house next door as the shop next door. Graham, the manager of Leeds' leading hi-fi specialists, spotted luscious 18-year-old, Helen Hartley, when she became a sales assistant in the luxury lingerie shop next to his. "That girl's bass bins could blow a man's woofers!" he joked.

"Is that a polite way of saying I'm an old canine?" she laughed. "Be careful! My bite's worse than my bark!" Ⓜ

You know you're reading MEN ONLY when it gets up and hits you in the eye

Independent market research shows that the *Men Only* reader is not only more intelligent than the magazine's editor, he also has a much bigger wozname, and can keep his end up in an on-going two girl lickety-split with butt plug situation for several weeks at a time. This is why the most beautiful new models insist on showing their gorgeous tip-tilted thingummies, round bouncy whatsits and naughty pink girlie bits in *Men Only* first.

We've now set up a branch over here and you know you can order from us with confidence - All Videos are dispatched within 14 days of receipt, in plain, discreet packaging.

My best wishes and happy viewing.

Derek Williams

Derek Williams
Manager

P.S. If you have any really special requests please mention them, we will do our utmost to be of assistance.
P.P.S. Try us - you'll soon learn to depend on us and remember my personal motto:
"Actions speak louder than words"

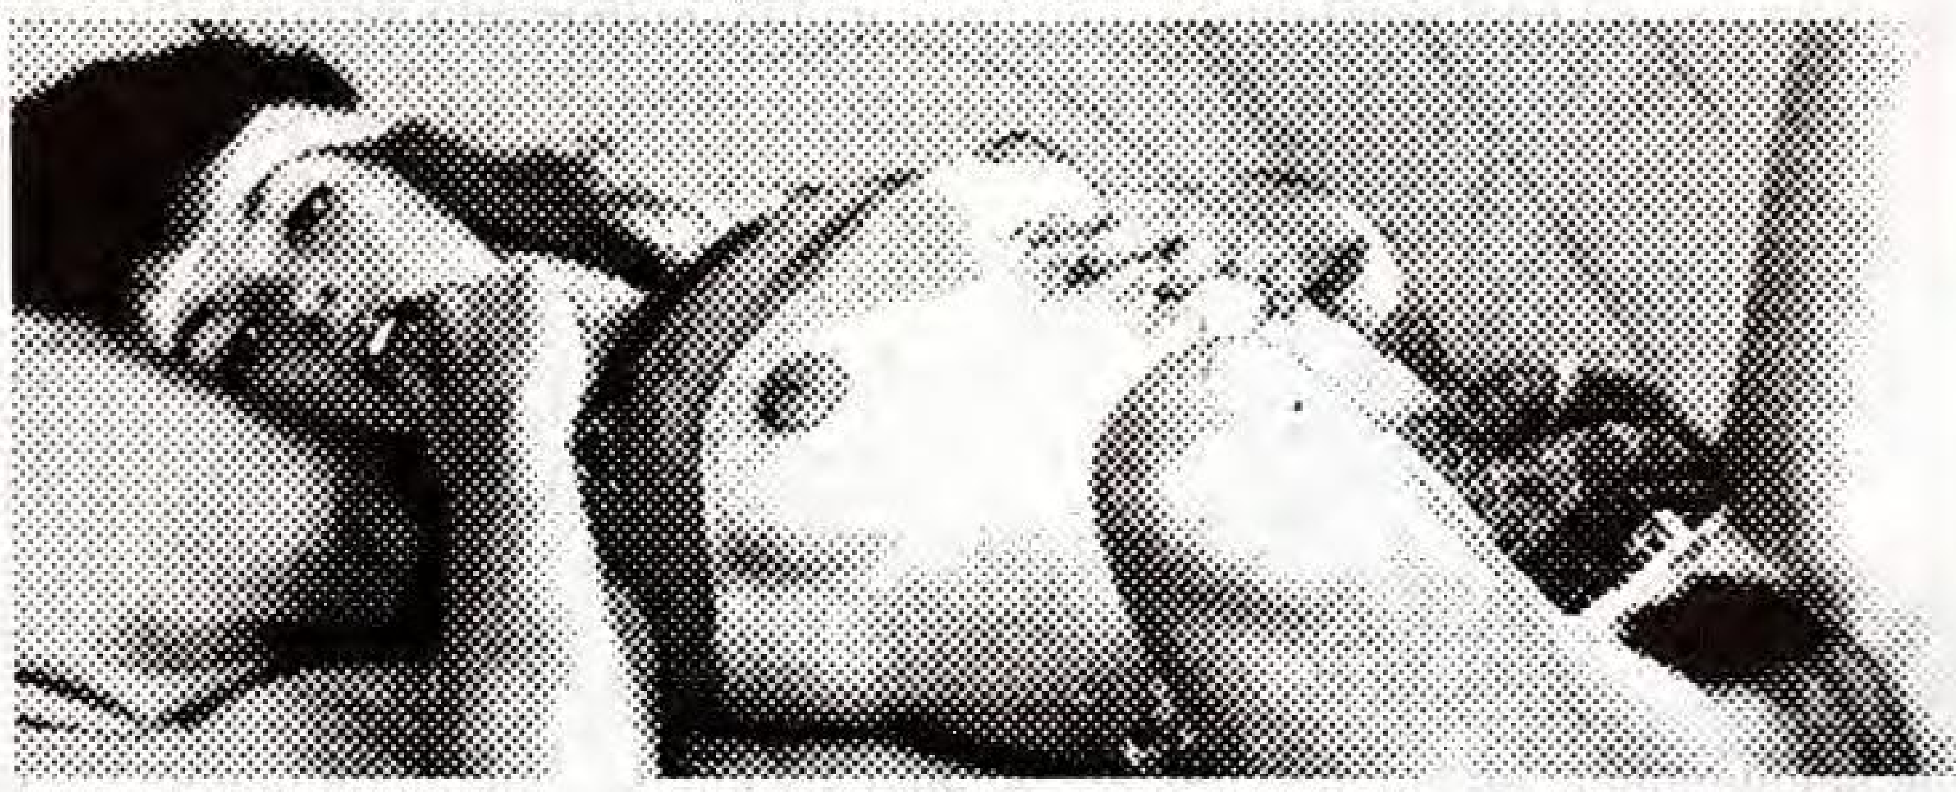
Video 1: Shelly - Featuring a 26 year old single mum, 5'3" tall, short blonde hair, big tits, nice pussy, name of Shelly. She answered an advertisement written on the wall of the ladies toilet cubicle in a railway station. The handwritten note offered accommodation in return for companionship and light duties. Shelly couldn't believe her luck, she rang the number and immediately went round, took the room but did not realise what was wanted from her side of the bargain (once a week sex with the landlord). In this video we watch as Shelly makes the ultimate sacrifice, she can hardly bring herself to do it but unless she f**ks him she's out. The landlord says "pull up your dress, drop your drawers and do it with me!" She sits on his crotch and he tries to manoeuvre himself up her, but she's too dry. He pulls her towards his mouth and licks her , using plenty of spit to get her wet. She tries again and he's in first time, they do it, she enjoys it and comes back for more it goes on from there. **The Video's yours for only £18.95.**

Video 2: Claudia the Student Slapper - A shy reserved girl from a strict West Indian chapel background, Claudia throws off the shackles of her upbringing when she gets to University. Every time she goes out for a drink with the rest of her crowd she's anybody's. Well, it wasn't long before her easy access through drink led her to our doorstep and the world of hard core videos.

That's why we had to give her a couple of stiff ones before we started making this one. Now, she was very willing and cooperative in every way but I've never seen a girl used like this before. She just laid there and let it happen. This certainly seemed to turn on the male model, who used her in every way, even her mouth and then let it splatter all over her pretty impassive black face. Do me a favour, once you've enjoyed seeing Claudia get bonked, let me know if you think she really enjoys nookie - I'd value your comments.
You can have Claudia on Video for only £18.95

Video 3: Shunta - If you're turned on by Pakistani women this is the video for you - real Asian sex. Shunta is married with four children (witness the stretch marks for yourself). It could be why she's able to take the really big guys without even wincing. For hard cash she will do whatever someone asks, especially when it comes to sex - that's how she gets her kicks. Yes, this Pakistani lady s**ks and f**ks allowing up to 3 men to make full use of her body and loving it. She insists on them wearing a condom, but you'll soon see them being whipped off along with her Sari and they spray all over her which she promptly rubs into her skin. On this video, you can witness Shunta being given a good seeing to by her 'new white men friends', listen to her pant and groan as she is serviced by three men at a time, one right inside her, one orally and one receiving manual relief. This is a must for all Pakistani women fanciers, more power to Shunta's elbow (and other parts). Shunta we love you...!
So can you when you get the Shunta Video for just £18.95.

Video 4: Maureen the Nurse - Yes, Maureen's a nurse, and we all know about Nurses. Like the rest of her profession, she is woefully underpaid and... you guessed it, she supplements her wages with bits of paid video nookie. She has a terrific pair of boobs and she made a great f**k video - if you're into nurses, you're in for a treat. Just seeing her move her body is a wonderful experience, never mind all the other things she does with it. She gives terrific head on 8" of Robin's meat and 4" of his girth. If you like seeing oversized members dipping into young women and their eager mouths, this is the video you've been looking for. Seeing this lovely, bubbly little nurse get it from a total stranger is such a turn on. She is done in every conceivable position and the Stud goes into a complete frenzy as he gropes for her every orifice. It's all true, Nurses like a bit of fun - and best of all, they're very clean! Judge for yourself, when you see this video.
Maureen the Nurse can be all yours on Video at just £18.95.



I don't know how I managed it, but we now have a deal which means that you can also buy these Videos from the following shops. You are welcome to call Mon.-Sat. 9.30 -6pm Fri. 8pm.

She looks up to see me standing above her, legs spread, with my cock fully erect. I feel her arms around my legs, reaching for me, ready for my cock so I lower my body and get on my knees in front of her. She arches her head back as I guide my swollen penis into her hot mouth. Gently but firmly I thrust in and out of her mouth as she wraps her arms around my ass, pulling me towards her, urging me to thrust deeper.

She can feel my ejaculation building within my cock. I'm ready to come. Without a word being spoken, I pull my cock out of Georgina's mouth and enter her wonderful hot pussy. Her muscles grip me tightly, milking me for all she's worth. Moments later I come inside her, moaning loudly.

So what will I remember most about London? Georgina Sinclair, of course! — Robert, California, U.S.A.

GOT THE BLUES?

My husband left me recently for a younger woman and I felt down and lost without him. Until, that is, a girl at work invited me to her 21st birthday party at a local nightclub. In for a penny, in for a pound, I thought as I decided to go all out and buy a new outfit.

I'm 28 years old but I exercise regularly and reckon my 36C-26-36 figure is in better shape than ever. My new dress was very tight, short and backless and beneath it all I wore was a tiny g-string and black hold-up stockings. At the club I met Julie's boyfriend, a handsome West Indian lad and she introduced me to his hunky brother, Chris. We enjoyed a drink and a few dances and really hit it off.

I was the most relaxed I'd been for ages and during a smoochie record I decided to take the bull by the horns and ask Chris to take me home and treat me good!

Back at my place we headed for the bedroom and Chris confidently stripped. His body was beautiful — powerful and fit — and between his muscular thighs he had a big, thick cock. As we kissed I grasped his throbbing prick, enjoying its size and hardness while he removed my dress. He praised my body, especially my big round boobs. I sighed as he sucked my stiffened nipples whilst his hands expertly removed my g-string.

He guided us to the bed and into a "69" — his hot, quicksilver tongue driving my pussy wild

Ah, apparently it's this one that's titled "TWO TITS AND A CUNT"

Judy Jaeger
PAGE THREE GIRL EXCLUSIVE!

Nineteen-year-old Judy Jaeger is hot to trot. In fact, she's absolutely scorching! "Yeah, phew! I got so heated up doing these photos for you that the photographer had to hose me down," she giggled. "And it wasn't just the sun, I can tell you! The thought of all those guys out there seeing me strip started a fire between my legs that even that freezing cold water couldn't put out..."

Sort of like having great balls of fire?

"No, it was more like the burning bush!"

while I massaged his big balls and sucked his cock frantically. His huge bell-end filled my mouth and I teased it with the tip of my tongue, but what I really wanted was to feel him inside me, so I slid down his body and knelt astride him with my back to him. I speared myself on his cock in sheer ecstasy as his giant pole penetrated my hungry wet pussy and pushed me towards climax.

He felt truly amazing inside me and I rode him like a rodeo. Then Chris turned me round, massaging my tits, pinching my nipples and grasping my buttocks to pull me harder onto his cock. My screams of joy must have echoed around the neighbourhood as a really powerful climax ripped through my body.

Chris was still rampant and h eased me onto all fours and pe etrated me from behind. All I could do was grip the bedstead and moan in sheer bliss as he pushed home that massive cock. I wa definitely receivin the most comprehensive shafting o my life!

Chris fucked m so hard, for so lo that all my orgasms seemed to blend into ju one great big body-buster. I w near exhaustion when Chris fina ly got to experience his own momentous orgasm, filling me to the brir with his hot come.

Sex with Chris just gets bette and better and I can hardly wip the satisfied grin off my face. What's more, I've decided that don't miss my husband at all! – Sonia, Glasgow.
